Pearls of Wisdom, Elizabeth Clare Prophet, 1981. **The Twilight and Resurrection of Humanity**, Yeshayahu (Jesaiiah) Ben-Aharon, 2020-05-26. This unique work, the fruit of many decades of research and experience, throws new light on the supersensible history and karma of the Michaelic movement since Rudolf Steiner's death. It describes that movement's evolution and transformation in the etheric world during the twentieth century, from the world-changing apocalypse of the 1930s and 40s through to the beginning of its incarnation on Earth at the end of last century. The book also focuses on developments in the practical and social work of building the community of the School of Spiritual Science, which embodies the new Michaelic movement in our time. As Ben-Aharon indicates, the Michaelic movement is searching for creative, courageous, and enthusiastic souls to foster a strong community that develops from one decade to the next as a living organism. Based on the continuous resurrection of anthroposophy, this community strives to create a fully conscious meeting and communication with the school of Michael and Christ in the etheric world in a form that is appropriate and demanded by the times. The transcripts of these lectures bring together the author's experiences with anthroposophy over the last 42 years in the light of present communications from the spiritual world. It is based on contemporary spiritual investigation and individual lived experience. From the Contents: The Amfortas, Parsifal, Duality of Modern Humanity, The Twilight of Humanity.
