

## Home Offices

Working from home is no problem with heated floors. Radiant heating systems keep your office comfortable no matter what season it is.

## Sunrooms

Sunrooms have lots of windows which can make for a frigid area during the winter. Heated floors make sunroom accessible and comfortable year-round.

## Bedrooms

Everyone loves a cozy bedroom, and nothing makes a room cozier than toasty temperatures.

## Kitchens

Kitchens generally have cold tile flooring. They also tend to have a bit of humidity, making heated floors the perfect alternative to forced air.

## Garages

Having heated floors in your garage can help control snow in the winter and keep your garage comfortable when you're working on your car.

## Driveways

When you install a radiant heating system under your driveway, you don't have to worry about ice and snow removal. Instead, simply turn on your system and let it melt away the ice and snow from your driveway.

## Basements

Basements are often damp and cold, but a radiant floor heating system can keep them comfortable. Since heat rises, a radiant system in your basement can help warm your whole house.

## Bathrooms

Bathrooms are a terrific room for radiant heating, because no one likes stepping out of a shower onto a freezing floor.

Australia - Exploring Guides Fodor's, 2002-03-05 Fodor's Exploring Guides are the most up to date full color guidebooks available Covering destinations around the world these guides are loaded with photos essays on culture and history architecture and art itineraries walks and excursions descriptions of sights and practical information Fodor's Exploring Australia gives you great tips on dining and lodging for all budgets as well as tips on basics such as getting there and getting around and when to go and what to pack

**Second Homes and Climate Change** Bailey Ashton Adie, C. Michael Hall, 2023-07-17 This book is the first to address the important interrelationship between second homes and climate change which has become an increasingly relevant issue for many regions around the world Second homes are often a key source of tourist visitation as well as economic benefit for their host communities The chapters provide an array of international case studies and climate change impacts including the changing biocultural landscapes in Italy hazard risks in the mountains of Poland and the shifting media discussion on second homes and climate change in Finland Topics covered focus on issues around planning and governance in second home locations adaptation and mitigation measures implemented by second home owners and the influence of second home owners place attachment in relation to second home impacts It introduces the overall topic of second homes and climate change while also laying the groundwork for future work in this burgeoning area of research This book will be of significant interest to upper level undergraduates graduate students and academics in the fields of geography tourism planning housing studies regional development environmental management and disaster management It would also be of use for professionals who engage with second home communities particularly planners government officials and environmental officers

Resources in Education, 2001 **The Routledge Handbook of Human Research Ethics and Integrity in Australia** Bruce M. Smyth, Michael A. Martin, Mandy Downing, 2024-10-23 The Routledge Handbook of Human Research Ethics and Integrity in Australia highlights why it is important to look at the subject of human research ethics and integrity within the Australian context and what the Australian perspective can offer to all researchers in the social sciences and humanities globally Australia has one of the world's most rigorous ethics governance frameworks This edited collection comprises 35 chapters compiled with the aim of presenting human research ethics and integrity in a way that can be readily understood and applied by undergraduate and postgraduate students early career and seasoned researchers Human Research Ethics Committee members and those who work in the administration of human research ethics Chapters that focus on research ethics with Aboriginal and Torres Strait Islander people are likely to be of great interest to an international audience interested in Indigenous research ethics more broadly This collection will act as a prism through which ethical first principles can be seen afresh from the vista of contemporary Australian research ethics frameworks The issues raised in this collection are likely to resonate beyond the Australian context and will speak to researchers and educators in a variety of settings who find themselves grappling with thorny ethical issues ranging from the

rapid evolution of data security and privacy concerns to research about cultural heritage and ethical approaches to Indigenous cultural and intellectual property      *Willing's Press Guide and Advertisers' Directory and Handbook* ,1891
