Home Style Guide House

John Milnes Baker

Home Style Guide House:

American House Styles John Milnes Baker,1994 America has an abundance of fascinating and varied house styles as fascinating and diverse as its people This unique book will allow readers to recognize the architectural features and style of virtually any house they encounter **WiseHome Building Guidebook** Gene D. Hyland,2005-07 Is a guidebook for buyers who are going to have a home built it is formatted in a step by step process requiring one having to study it Simply follow the process It addresses every conceivable subject relating to having a home built from concept to completion In other words what is the first thing we do as to affordability size style etc On through in placing the furniture in this new home It defines the buyers builders and lenders role and of responsibility and who is accountable for what *American House Styles: A Concise Guide (Second edition)* John Milnes Baker,2018-07-24 An engaging historical account and an attractive practical resource Booklist Colonial Neoclassical Queen Anne Craftsman what distinguishes one architectural style from another This unique book will allow readers to recognize the architectural features and style of virtually any house they encounter Here architect John Milnes Baker explains the historical cultural and technical influences that shaped each of these styles and many more Organized in periods from Early Colonial 1600 1715 to the Modern Movement 1920 60 and beyond this tour of America s varied residential architecture is rendered in elevation drawings that precisely illustrate the key characteristics of each style Nearly 25 years since the original publication of *American House Styles* this updated edition includes a new preface and house styles from the mid 1990s to the present from the rise and fall of the McMansion to energy efficient regionally influenced homes The illustrations now in color are more delightful than ever in a new larger format This a must have volume for anyone interested in architecture or adding a bit of style to their home **House Styles in America** James C. Massey, Shirley Maxwell,1996 This is a book about American house styles and they are discussed in twenty one chapters and illustrated with over 200 color plates and line drawings Neither a comprehensive history of American residential architecture nor a compendium of America s greatest houses this fascinating and useful book looks instead at broad trends in domestic building from the first days of European settlement on this continent through the Great Depression and beyond from saltboxes to split levels There are certainly mansions to be found here for they help to define certain styles Yet the chief focus is not on grand houses but on typical ones examples that capture the essence of the everyday rather than the extraordinary BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
