History Beyond the Canon Jennifer Kaufmann-Buhler,Victoria Rose Pass,Christopher Wilson,2019-02-07 Design History Beyond the Canon subverts hierarchies of taste which have dominated traditional narratives of design history The book explores a diverse selection of objects spaces and media ranging from high design to mass produced and mass marketed objects as well as counter cultural and sub cultural material The authors research highlights the often marginalised role of

gender and racial identity in the production and consumption of design the politics which underpins design practice and the role of designed objects as pathways of nostalgia and cultural memory While focused primarily on North American examples from the early 20th century onwards this collection also features essays examining European and Soviet design history as well as the influence of Asia and Africa on Western design practice The book is organised in three thematic sections Consumers Intermediaries and Designers The first section analyses a range of designed objects and spaces through the experiences and perspectives of users The second section considers intermediaries from both technology and cultural industries as well as the hidden labour within the design process itself The final section focuses on designers from multiple design disciplines including high fashion industrial design interior design graphic design and design history pedagogy The essays in all three sections utilise different research methods and a wide range of theoretical approaches including feminist theory critical race theory spatial theory material culture studies science and technology studies and art history Design History Beyond the Canon brings together the most recent research which stretches beyond the traditional canon and looks to interdisciplinary methodologies to better understand the practice and consumption of design

Seinfeld, Master of Its Domain David Lavery, Sara Lewis Dunne, 2010-06-15 After a slow and inauspicious beginning Seinfeld broke through to become one of the most commercially successful sitcoms in the history of television This fascinating book includes classic articles on the show by Geoffrey O'Brien and Bill Wyman first published in the New York Review of Books and Salon.com respectively and a selection of new and revised essays by some of the top television scholars in the US looking at issues as wide ranging as Seinfeld's Jewishness alleged nihilism food obsession and long running syndication The book also includes a comprehensive episode guide and Betty Lee's lexicon of Seinfeld language
