Walter, 2022-01-11 NEW YORK TIMES BESTSELLER A leading political scientist examines the dramatic rise in violent extremism around the globe and sounds the alarm on the increasing likelihood of a second civil war in the United States Required reading for anyone invested in preserving our 246 year experiment in self government The New York Times Book Review Editors Choice WINNER OF THE GLOBAL POLICY INSTITUTE AWARD THE SUNDAY TIMES BOOK OF THE YEAR ONE OF THE BEST BOOKS OF THE YEAR Financial Times The Times UK Esquire

Prospect UK Political violence rips apart several towns in southwest Texas A far right militia plots to kidnap the governor of Michigan and try her for treason An armed mob of Trump supporters and conspiracy theorists storms the U S Capitol Are these isolated incidents Or is this the start of something bigger Barbara F Walter has spent her career studying civil conflict in places like Iraq Ukraine and Sri Lanka but now she has become increasingly worried about her own country Perhaps surprisingly both autocracies and healthy democracies are largely immune from civil war it s the countries in the middle ground that are most vulnerable And this is where more and more countries including the United States are finding themselves today Over the last two decades the number of active civil wars around the world has almost doubled Walter reveals the warning signs where wars tend to start who initiates them what triggers them and why some countries tip over into conflict while others remain stable Drawing on the latest international research and lessons from over twenty countries Walter identifies the crucial risk factors from democratic backsliding to factionalization and the politics of resentment A civil war today won t look like America in the 1860s Russia in the 1920s or Spain in the 1930s It will begin with sporadic acts of violence and terror accelerated by social media It will sneak up on us and leave us wondering how we could have been so blind In this urgent and insightful book Walter redefines civil war for a new age providing the framework we need to confront the danger we now face and the knowledge to stop it before it s too late
