How To Do Things You Hate Peter Hollins, 2023-08-30 Doing things you hate is a skill And it's a skill that is always in high demand Look you can teach hard skills You can teach a monkey to do lots of things that humans can do But you can't force them to work without a monkey revolt on your hands All growth comes from discomfort and the ability to push through How To Do Things You Hate is a primer on how you can embody the self discipline to live the life you want It's not easy otherwise everyone would be there It requires surmounting boulders crossing oceans and not a small amount of pain It's always worth it but are you able to get there Are you tough enough Can you find the motivation inside you somewhere Are you able to taking it on the chin After this book you will be able to resoundingly say YES Self discipline and willpower are the best habits because everything can stack on them Peter Hollins has studied psychology and peak human performance for over a dozen years and is a bestselling author He has worked with a multitude of individuals to unlock their potential and path towards success His writing draws on his academic coaching and research experience Not just more productivity but you'll start to notice that your to do list will always be DONE Diagnose and understand the exact type of laziness problem you have and why your butt is always glued to the couch The value of discomfort and how to love it with daily exercises and practices that make you absolutely monk like The incredibly valuable 90 second rule of emotional volatility and self mastery The doom loop of procrastination and how you are probably caught in it right now every day How you should approach your daily tasks like a pro athlete with daily routines and activation modes

Good Things to Do Rüdiger Bittner, 2023 Rüdiger Bittner argues that the aim of thinking about what to do of practical reason is to find not what we ought to do but what it is good to do under the circumstances Neither under prudence nor under morality are there things we ought to do There is no warrant for the idea of our being required by natural law or by our rationality to do either what helps us attain our ends or what is right for moral reasons While common moral understanding is committed to there being things we ought to do and to our being guilty and deserving blame if we fail to do them we can lay aside these notions without loss indeed with benefit The volume also explains what it is for something to be good to do under the circumstances and argues for understanding practical reason in these terms What is good to do we find by experience what we go through teaches us what helps and what hinders and helps us figure out what is prudentially useful and what is morally right to do although ultimately this difference itself gives way and morality turns out to be a part of prudence

Doing Things for Reasons Rüdiger Bittner, 2001 People do things for reasons but what are reasons and how are they related to the resulting actions Bittner explores this question and proposes an answer a reason is a response to that
