in Kant's vision which became fundamental for his phenomenology. The form and function of subjectivity were likewise positioned in psychiatry and literature as well as in aesthetics as Jan Broekman's texts on cubism demonstrated. Problems of language unfolded in studies on topics ranging from the texts of Ezra Pound to the dialogic insights of Martin Buber, all of which were involved in the development of semiotics. Two themes accompanied these insights: the notion and later Parisian mainstream called structuralism and the urgent need to arrive at deeper insights into the links between Marxism and phenomenology. Central language concepts also played a part as early as 1986. Jan Broekman published on semiology and medical discourse and in 1992 on neurosemiotics before addressing the link between speech act and legal as well as social freedom in 1993. In all these works the subject and the atmosphere of subjectivity were essential aspects. In addition to his writing, Jan Broekman gave courses on current philosophical issues, law and medicine until retiring in 1996 and in his *Intertwinements of Law and Medicine* revisited subjectivity aspects while also offering a synthetic view. In this *Festschrift* in honour of Jan Broekman, the contributions address the analogue/digital dichotomy in semiotics, the multicultural self in language and semiotics, semiology and legal discourse, the legal subject and the atmosphere of subjectivity, intertwinements of law and medicine, the semiotics of law in legal education, signs in law and legal discourse, making meaning in law and legal speech acts.

**Briefcase Wisdom for a Backpack Culture** Jerry Gano, 2019-10-14. Over five years ago God directed author Jerry Gano to pen daily posts on social media. Over a thousand posts later, Gano's bite-sized Biblically inspired observations are collected in one place as *Briefcase Wisdom for a Backpack Culture*. For each day of the year, Gano has constructed a short, relatable devotional accompanied by a corresponding Bible verse. He intends to enlighten the curious reader with scripture and his own observations based on years of study and prayer, in turn bringing them closer to Christ. Gano has experienced trials, heartache, sickness, and pain. The enemy of his soul has attacked heartily, but he is sure of one thing: if God goes before him, who can stand against him? We are nothing in and of ourselves, but with God leading and directing our paths, everything will turn out okay.

**Chain in Chains** Alex Flemming, 2005-07-22. *Chain in Chains* tells the intimate stories of interconnected relationships of a small collection of adults. The main characters, Jeff and Maria, are the central link in the chain. Yet this link intertwines with other links in various further chains. The story deals with the ecstatic enjoyment, sexual liberation, and positively stimulating experiences as well as the emotional pressures driven by personal demands and the requirements of society's values. In short, this is a story about sex and everything with which it is accompanied. As the first novel in a series, *Chain in Chains* releases a number of characters into the world who develop their relationships in various ways and grapple with the freedom to enjoy and the ambivalent requirements of everyday life. Not for the prude or faint-hearted. For some, a shocking revelation; for most, an about-time look at what happens, especially in the evenings behind closed doors.
