Robert Bresson Joseph Cunneen, 2004-04-19 Although Robert Bresson is widely regarded by movie

critics and students of the cinema as one of the greatest directors of the twentieth century his films are largely unknown and are rarely shown in the English speaking world Nonetheless Susan Sontag has called Bresson the master of the reflective mode in film Martin Scorsese suggested that a young filmmaker should ask Is it as tough as Bresson Is meaning as ruthlessly pared down as direct as unflinching in its gaze at aspects of life I might feel more comfortable ignoring Questions that every reader of this book and every viewer of Bresson s films will also ask Joseph Cunneen s book now in paperback introduces Bresson s movies to a broader audience assesses thirteen of his most significant films in the context of detailed plot summaries vivid descriptions of characters and settings and perceptive jargon free insights into the director s execution intention and technique Each of these films in its own way illustrates what Joseph Cunneen calls Bresson s spiritual style Though not necessarily focused on the explicitly religious they illustrate two complementary principles on the negative side the rejection of what the director called photographed theater with its artificiality and dependence on celebrity performers On the more positive side as Bresson himself expressed it the conviction that The supernatural is only the real rendered more precise real things seen close up

Bresson on Bresson: Interviews, 1943-1983 Robert Bresson, 2023-09-26 Now in paperback a collection of interviews with a French cinematic titan covering subjects such as adaptation the effects of capitalism on art and the importance of intuition selected from a period of four decades Robert Bresson the director of such cinematic masterpieces as Pickpocket A Man Escaped Mouchette and L'Argent was one of the most influential directors in the history of French film as well as one of the most stubbornly individual He insisted on the use of nonprofessional actors he shunned the advances of Cinerama and CinemaScope and the work of most of his predecessors and peers and he minced no words about the damaging influence of capitalism and the studio system on the still developing in his view art of film Bresson on Bresson collects the most significant interviews that Bresson gave carefully editing them before they were released over the course of his forty year career to reveal both the internal consistency and the consistently exploratory character of his body of work Successive chapters are dedicated to each of his fourteen films as well as to the question of literary adaptation the nature of the soundtrack and to Bresson's one book the great aphoristic treatise Notes on the Cinematograph Throughout his close and careful consideration of his own films and of the art of film is punctuated by such telling mantras as Sound invented silence in cinema It's the film that gives life to the

characters not the characters that give life to the film and echoing the Bible Every idle word shall be counted Bresson's integrity and originality earned him the admiration of younger directors from Jean Luc Godard and Jacques Rivette to Olivier Assayas And though Bresson's movies are marked everywhere by an air of intense deliberation these interviews show that they were no less inspired by a near religious belief in the value of intuition not only that of the creator but that of the audience which he claims to deeply respect It's always ready to feel before it understands And that's how it should be
