How To Multiply Your Baby's Intelligence:

How to Multiply Your Baby's Intelligence Glenn Doman, Janet Doman, 2014-01-08 Time and again the work performed at The Institutes for the Achievement of Human Potential has demonstrated that children from birth to age six are capable of learning better and faster than older children. *How To Teach Your Baby To Read* shows just how easy it is to teach a young child to read while *How To Teach Your Baby Math* presents the simple steps for teaching mathematics through the development of thinking and reasoning skills. Both books explain how to begin and expand each program, how to make and organize necessary materials, and how to more fully develop your child's reading and math potential. *How to Give Your Baby Encyclopedic Knowledge* shows how simple it is to develop a program that cultivates a young child's awareness and understanding of the arts, science, and nature, to recognize the insects in the garden, to learn about the countries of the world, to discover the beauty of a Van Gogh painting, and much more. *How To Multiply Your Baby's Intelligence* provides a comprehensive program for teaching your young child how to read, to understand mathematics, and to literally multiply his or her overall learning potential in preparation for a lifetime of success. The Gentle Revolution Series. The Institutes for the Achievement of Human Potential has been successfully serving children and teaching parents for five decades. Its goal has been to significantly improve the intellectual, physical, and social development of all children. The groundbreaking methods and techniques of The Institutes have set the standards in early childhood education. As a result, the books written by Glenn Doman, founder of this organization, have become the all-time best-selling parenting series in the United States and the world.

How to Multiply Your Baby's Intelligence Glenn J. Doman, 1994 *How to Multiply Your Baby's Intelligence* Glenn Doman, Janet Doman, 1991 Glenn Doman has demonstrated for a half century that very young children are far more capable of learning than we ever imagined. He has taken his remarkable work that explores why children from birth to age six learn better and faster than older children do and given it practical application. As the founder of The Institutes for the Achievement of Human Potential, he has created home programs that any parent can follow. *How To Multiply Your Baby's Intelligence* provides a comprehensive program that shows you just how easy and pleasurable it is to teach your young child how to read, understand mathematics, and expand his or her general learning potential. It explains how to begin and expand this remarkable program, how to make and organize necessary materials, and how to more fully develop your child's learning ability. By following the simple daily program in a relaxed and loving way, you will enable your child to experience the joy of learning as have millions of children the world over. With *How To Multiply Your Baby's Intelligence*, you can give your baby a powerful advantage that will last a lifetime. Book jacket **How to Multiply Your Baby's Intelligence** Glenn J.
