Metropolitan Home, 2008 **Tracking the Audience** Karen Buzzard, 2012 In Tracking the Audience The Ratings Industry From Analog to Digital author Karen Buzzard examines the key economic political and competitive factors that have influenced ratings methods dominant in each of the markets for radio TV and the Internet tracing the practice's history from its early beginnings up to its most recent advances Beginning with the birth of the industry in 1929 Tracking the Audience traces the establishment of a standardized ratings currency as it evolved to meet the needs of the analog broadcast system and explores the search for new gold standards necessitated by the devastating

effects of the digital revolution Buzzard examines key challenges to the established system by discussing the movement from traditional sampling methods to new more transparent measurements More than a history of the ratings industry itself it also tracks the evolving business model for the broadcast industry Tracking the Audience The Ratings Industry From Analog to Digital shows how the development of conceptual tools designed to measure and package radio TV and Internet audiences is the result of a variety of historical factors With a detailed examination of ratings providers their methods and their attempts to adjust to meet new demands a digital age this volume explains how a standardized broadcast system of audience measurement ratings has evolved and where it is going in the future Plunkett's Entertainment and Media Industry Almanac 2008 Jack W. Plunkett, 2008 A market research guide to the entertainment and media industry It contains trends statistical tables and an industry glossary It also includes one page profiles of entertainment and media industry firms including addresses phone numbers executive names Encyclopedia of Television Horace Newcomb, 2014-02-03 The Encyclopedia of Television second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the Encyclopedia of Television 2nd edition website **Television Entertainment** Jonathan Gray, 2009-06-02 Television Entertainment offers a thematically based overview balancing an interest in art aesthetics and audiences with the power politics and production of television that includes examples from recent and current television including Lost reality television The Sopranos The Simpsons political satire Grey s Anatomy The West Wing soaps and 24 The Business of Entertainment Robert C. Sickels, 2008-11-30 We love to be entertained And today s technology makes that easier than ever Listen to tunes while working out No problem Watch a movie on your cell phone Can do Get 450 channels of digital entertainment bounced off a satellite and into your vehicle even while traveling through empty wastelands Simple But behind these experiences is a complex industry dominated by a handful of global media conglomerates whose executives exert considerable influence over the artists and projects they bankroll the processes by which products are developed and the methods they use to promote and distribute entertainment As this set shows the industries in which commerce art and technology intersect are among the most fascinating in all of business Entertainment is a high stakes industry where stars are born and flame out in the blink of an eye where multimillion dollar deals are made on a daily basis and where cultural mores for better or worse are shaped and reinforced The Business of Entertainment lifts the curtain to show the machinery and sleight of hand behind the films TV shows music and radio programs we can t live without The Business of Entertainment comprises three volumes covering movies popular music and television But it s not all about stars and glitter it s as much about the nuts and bolts of daily life in the industry including the challenges of digitizing content globalization promoting stars and shows protecting intellectual property developing talent employing the latest technology and getting projects done on time and within budget Challenges don t end there There s also advertising and product placement the power of reviews

and reviewers the cancerous spread of piracy the battles between cable and satellite operators and the threat to both from telephone companies the backlash to promoting gangsta lifestyles and more Each chapter is written by an authority in the field from noted scholars to entertainment industry professionals to critics to screenwriters to lawyers The result is a fascinating mosaic with each chapter a gem that provides insight into the industry that hands down generates more conversations on a daily basis than any other
