Sampson Low,1904 THE LINDSEYS - KANSAS PIONEERS 1855 - 2024 Marvin L,Steven E Lindsey,2024-03-03 This book was written largely for the benefit of the writers children and grandchildren so they would know something of the life and hardships faced by their pioneering ancestors It was inspired by their questions about our childhood and youth and their own memories of many visits to the Kansas farms of their grandparents and great grandparents However we think many other readers will enjoy learning something about what it was like growing up on a midwestern farm in the 1940s and 50s A time that was in many ways much simpler but certainly not easy We had the privilege of knowing personally grandparents and great grandparents who had lived through the many profound changes that occurred around the change of the century Automobiles tractors and telephones had only arrived on the farm about 30 years earlier and the grandparents barns and garages were still filled with horse drawn equipment and

harnesses from an earlier era Electricity and graveled roads only occurred after WWII in our memory and running water and indoor bathrooms were still not common on many farms as late as 1955 It was a different and changing world of which we were privileged to be a part Almost all our relatives lived nearby and neighbors all knew us and didn't hesitate to let our parents know if we were up to any mischief We were expected to take responsibility work hard always be truthful stay out of trouble study hard and plant straight rows All are excellent traits that unfortunately are not as valued today as they were then In the book we have shared some history of the area and some stories of incidents from our lives that were not uncommon among farm families We hope readers enjoy learning about us and our families A reply to Sir P.
