Intellectuals and Race Thomas Sowell, 2013-03-12 Thomas Sowell s incisive critique of the intellectuals destructive role in shaping ideas about race in America Intellectuals and Race is a radical book in the original sense of one that goes to the root of the problem The role of

intellectuals in racial strife is explored in an international context that puts the American experience in a wholly new light. The views of individual intellectuals have spanned the spectrum but the views of intellectuals as a whole have tended to cluster. Indeed these views have clustered at one end of the spectrum in the early twentieth century and then clustered at the opposite end of the spectrum in the late twentieth century. Moreover these radically different views of race in these two eras were held by intellectuals whose views on other issues were very similar in both eras. *Intellectuals and Race* is not however a book about history even though it has much historical evidence as well as demographic geographic economic and statistical evidence all of it directed toward testing the underlying assumptions about race that have prevailed at times among intellectuals in general and especially intellectuals at the highest levels. Nor is this simply a theoretical exercise. The impact of intellectuals' ideas and crusades on the larger society both past and present is the ultimate concern. These ideas and crusades have ranged widely from racial theories of intelligence to eugenics to social justice and multiculturalism. In addition to in-depth examinations of these and other issues *Intellectuals and Race* explores the incentives the visions and the rationales that drive intellectuals at the highest levels to conclusions that have often turned out to be counterproductive and even disastrous not only for particular racial or ethnic groups but for societies as a whole.

Demystifying Integrated Care - E-Book Kirsty Marshall, Hayley Bamber, Ruth Garbutt, Chris Easton, 2023-07-11 Integrated care aims to address inequality through removing fragmented health and social care.
