Dermatology Postgraduate MCQs and Revision Notes James Halpern, 2022-07-01 Postgraduates studying dermatology can face a lack of appropriate revision aids reference books are often too exhaustive or out of date while undergraduate and introductory texts lack the necessary detail and depth This book is specifically designed for postgraduate examinations and is the perfect accompaniment for the diploma in dermatology Review of Dermatology Saurabh Jindal, 2019-04-09 **MCQs in Medicine** Debra King, 2012-12-06 Academic geriatricians are always looking for an improved objective quantifiable measure of biological ageing in humans to replace that unphysiological and arbitrary scale years survived The MCQ may be the nearest we have come yet to achieving this Holy Grail An individual's facility with the setting and answering of MCQs separates the medical generations more surely than years I am only grateful I was educated in a less rigorous but perhaps more gentlemanly era If one appeared before an examiner neatly dressed with clean finger nails and the examination scripts were literate essays written in fountain pen then you were in or so it seemed For the past 20 years we have been evolving towards much more objective and rigorous assessment of knowledge and understanding of medicine of both undergraduate and postgraduate students This process has been exemplified by the evolution of what is now the seemingly ubiquitous MCQ When initially presented as objective and quantifiable measures of clinical knowledge MCQs were the subject of scorn how could they assess the art of medicine the grey areas of clinical decision making However they very rapidly overcame this antediluvian scepticism and I believe they have had an effect well beyond the limited area of competence measurement They have induced or at the very least contributed to a shift towards a more rigorous dare one say more scientific approach to clinical medicine Best of Five MCQS for the European Specialty Examination in Gastroenterology and Hepatology Thomas Marjot, Colleen McGregor, Tim Ambrose, 2021 The new edition of *The Best of Five MCQS for the European Specialty Examination in Gastroenterology and Hepatology* is a question book designed to assist in preparations for the ESEGH The book has been fully updated to reflect the structure and content of the new examination introduced in 2018 and the most recent guidelines **INFJ in MCQ and problem solving in pathology ,histology and Pharmacology** Dr/ Mahmoud abd el razik abd el latif elmewafy, 2020-07-23 This book contains MCQ and problem solving questions in 3 medical subjects pathology histology and pharmacology to both undergraduate and postgraduate students in faculty of medicine These questions are provided With their specified ILOs Intended Learning Outcomes in order to be aware of the goal of these questions Mcqs for Medical Students and Doctors Inyang Ukot, 2022-03-25 MCQs for Medical Students and Doctors is an unusual multiple choice question book on three accounts It covers thirteen of the specialties in medicine that every medical student has to face and every first contact physician has to deal with in encounters with their patients irrespective of the doctor's field of specialization Unlike many MCQ books this book goes further by providing comments that accompany 99% of the answers as explanations or additional information This makes this book an MCQ book with short notes It is different from
