Naming the Father Eva Paulino Bueno, Terry Caesar, William Hummel, 2000-01-01 Naming the Father is a collection of essays on the subject of fatherhood its enduring power its secret ruses its unsettling provocations Despite the considerable critical attention devoted to motherhood in literature and despite the late twentieth century focus on patriarchy there is surprisingly no comparable collection on fatherhood This volume was born of the conclusion that critics of modern and contemporary literature may comprehend the father too little for presuming to have comprehended patriarchy so much Naming the Father begins with a series of nonfiction essays that attempts to locate the missing father in the individual experiences of three scholars at various stages of their careers The following thematically grouped sections recover and discuss fatherhood in fields ranging from Caribbean fiction to African American drama and in the work of authors as diverse as Rebecca West Anzia Yezierska William Burroughs and Stephen Wright as well as Henry James and James Joyce A variety of critical approaches from biographical to deconstructive activate and engage with the cultural national and global implications of fatherhood for the family and for the future of literary studies Scholars and students of contemporary literature cultural studies and gender studies will find this book a fascinating and invaluable collection Three Dads and a Baby Ian Jenkins, 2021-03-09 As a closeted teen Ian wondered if he would ever fall in love or be able to live openly with a male partner Years later he had not one but two partners in a polyamorous throuple and the support of family friends and coworkers But something was still missing Spurred by a friend's donation of two embryos Ian Alan and Jeremy embarked on a sometimes hilarious sometimes tearful quest to become parents Along the way they faced IVF failures the threat of Zika virus a battle at their clinic that forced them into an urgent hunt for a new doctor pregnancy threatening bleeds costly legal battles and a reluctant superior court judge Ultimately the grace of women embryo donors their egg donor their surrogate even a surprise milk donor allowed them to complete their family with one perfect girl And in fighting for their family they became the first polyamorous family ever named as the legal parents of a child *The Bizarre World of Reality Television* Stuart Lenig, 2017-10-12 How do reality television programs shape our view of the world and what we perceive as real and normal This book explores the bizarre and highly controversial world of reality television including its early history wide variety of subject matter and social implications In recent decades reality television shows ranging from Keeping up with the Kardashians to Duck Dynasty have become increasingly popular Why are these unscripted programs irresistible to millions of viewers And what does the nearly universal success of reality shows say about American culture This book covers more than 100 major and influential reality programs past and present discussing the origins and past of reality programming the contemporary social and economic conditions that led to the rise of reality shows and the ways in which the most successful shows achieve popularity with both male and female demographics or appeal to specific targeted niche audiences The text addresses reality TV within five easy to identify content categories competition shows relationship love interest shows real
