## **My Unisa Exam Question Papers:**

Unisa English Studies University of South Africa. Department of English, 1992      A Man without Ambition (eBook)

Arnold Mol, 2012-11-20 A MAN WITHOUT AMBITION is Dr Arnold Mol's autobiography written with the purpose of giving his grandchildren some insight into part of their historical heritage. Even though his family and friends were surprised by the title, Dr Mol says that his life has been characterized by responding to opportunities that have come his way rather than purposefully planning to achieve something. A MAN WITHOUT AMBITION begins with Dr Mol recounting the drama surrounding his birth in Holland shortly before the end of the Second World War. He then reflects on the past 68 blessed years of his life about immigrating to South Africa, growing up, the love of his life, his first job, his missionary calling to South America, becoming a parent, and his deep gratitude towards the Lord. A MAN WITHOUT AMBITION makes for rather entertaining reading with many anecdotes, and readers will see how blessed life can be when they trust God and put their faith in Him alone.

**Decolonizing Mission Partnerships** Taylor Walters Denyer, 2020-06-26 We all know that healthy partnerships are essential to fruitful boundary crossing ministries, but how exactly do we create them? What barriers must be overcome and what self-examination must we do? How do the legacies of colonialism, racism, and unhealed trauma impact missional collaborations today? In this doctoral thesis, Denyer reflects on these questions as she examines the history of relational dynamics between American and Congolese United Methodists in the North Katanga Conference, DR Congo. By surveying memoirs, magazines, and journals, and conducting in-depth interviews, Denyer presents a complex and multifaceted example of a partnership that is in the process of decolonizing. More than just a history lesson, *Decolonizing Mission Partnerships* presents the questions, hard truths, pitfalls, and toxic assumptions we must face when attempting to be in mission together.

**Unisa Latin American Report**, 1991      **Higher education in a globalising world** Peter Mayo, 2019-07-04 This book focuses on current policy discourse in Higher Education with special reference to Europe. It discusses globalisation, Lifelong Learning, the EU's Higher Education discourse, this discourse's regional ramifications, and alternative practices in Higher Education from both the minority and majority worlds with their different learning traditions and epistemologies. It argues that these alternative practices could well provide the germs for the shape of a public good oriented Higher Education for the future. It theoretically expounds on important elements to consider when engaging Higher Education and communities, discussing the nature of the term community itself. Special reference is accorded to the difference that lies at the core of these ever-changing communities. It then provides an analysis of an on-the-ground project in University community engagement before suggesting signposts for further action at the level of policy and provision.
