**Matt Damon** Adam Woog,2012 Matt Damon dropped out of Harvard University at 18 years old and left for Los Angeles for an acting gig that was supposed to make him famous **Of Wizards and Angels** Charles Louis Braai,2011-02-16 In the late seventeen hundreds and early eighteen hundreds I was Beethovens prized pupil can believe it Unfortunately I had to quit him for reasons not concerning music It was really quite silly I was supposed to be protecting my good name You see it was rumored that the maestro Beethoven was a womanizer and while conducting orchestras he also conducted many affairs with his young female students In those times although mostly behind their backs some men and even some women were referred to as libertines Of course any man as emotional as Beethoven had to be romantically exotic but I didnt consider him a libertine it was just that young women threw themselves at him and he used the opportunities The saddest part was this remarkable man was almost deaf in later years he became almost completely and totally deaf Yet this man was such a genius just by reading the written notes he could hear the music inside his head Often he laid his hands on the piano as I played At times when I played particularly when we were alone after hed closed the piano thus containing the sound hed than lay his head down on the piano by doing so with his temple held tightly on the lid it enabled him to hear it fully the way it was meant to be heard This was done only prudently and only witnessed by certain people as he was embarrassed and at first not wanting to admit being deaf No matter how much relief Id get by forgetting the music I never would forget it on purpose That music is a part of me more so than my arms and limbs even the music is more part of me than my perceived beauty or my Immortality **100 Most Popular African American Authors** Bernard A.
