Facilities Management Handbook 4th Edition 2009:

Facilities Management and the Business of Managing Assets Danny Then Shiem-Shin, Tan Teng Hee, 2004-08-15

The importance of facilities management to the effective operation of all businesses is now widely accepted. Where there continues to be debate is on what constitutes a successful approach and how much attention it should be given within an overall business plan. Drawing on both research and current practice, this book provides a systematic, innovative and business-focused approach to the management of facilities assets. The reader will discover why and how to use facility assets to achieve business goals and strategies by aligning them as a resource. Striking a balance between management and technical aspects, the book covers the basics of facilities asset management and the key elements of a systematic management approach: the key supporting capabilities for facilities management as a business function; a framework for considering strategic alignment of facilities assets and associated services with business needs; the role of life cycle asset management and its contribution to business resource management. The message of this book and the benefits it can bring to businesses everywhere make it essential reading for executives as well as facilities managers. Its detailed explanations of all of the key concepts involved and lists of recommended further reading also make it an excellent resource for those new to the industry and for students of property or facilities management.

Manual de Manutenção de Edifícios Hugo Prata, 2013-03-19
IMPRESSO A PRETO e BRANCO Esta obra vem complementar uma área específica em que a documentação não é abundante como a gestão da manutenção em edifícios: um livro prático com diversas ilustrações e uma linguagem muito acessível para técnicos, gestores e engenheiros que desenvolvem tarefas na área da manutenção de edifícios. Uma obra que fazia falta na especialidade do Facility Management com dicas e informações muito teis para a otimização da performance de equipamentos e instalações. A obra contempla diversas especialidades que vão desde a organização da gestão de ativos até a descrição particular de equipamentos específicos como chillers, postos de transformação, geradores, grupos de bombagem, de abastecimento de água e de serviço para incêndios e muitos outros. Uma obra original e fundamental de leitura muito acessível e prática. O livro foi feito para ser editado a cores, mas face ao custo significativo, existe esta versão a preto e branco.

Recent Trends in Social and Behaviour Sciences Ford Lumban Gaol, Seifedine Kadry, Marie Taylor, Pak Shen Li, 2014-02-27 The human aspect plays an important role in the social sciences. The behaviour of people has become a vital area of focus in the social sciences as well. Recent Trends in Social and Behaviour Sciences contains papers that were originally presented at the International Congress on Interdisciplinary Behavior and Social Sciences held 4-5 November 2011.

Constructing Professional Discourse Concepción Orna-Montesinos, 2012-01-17 This book explores the fascinating role that language plays in the construction of non verbal objects by mapping out the ontological meaning of the specialised concepts and the domain specific knowledge embedded in

them In doing so it provides a comprehensive linguistic insight into the discourse of professional domain specific communities and hence into the communication practices and procedures of those communities In this respect the book offers a response to the claims made by many of the most influential applied linguists today such as Vijay Bhatia 1993 2004 John Swales 1990 2004 or Ken Hyland 2002 among others who have consistently defended the need for applied linguistic research into the textual generic and social perspectives on the under researched interrelatedness of the discursal and professional practices of a discipline Specifically this book provides readers with an integrative multi perspective approach to the study of professional domain specific discourses While it mainly draws on the tenets of genre theory and discourse semantics it also nurtures from the theoretical and empirical foundations of applied linguistics cognitive linguistics corpus linguistics and ontological engineering The book starts from the analysis of domain specific texts as final written products with specific lexico grammatical semantic and rhetorical features to later enquire into the written products as textual artefacts closely linked to the social context of production and interpretation of the text This integrative approach provides fresh new insights into the way the processes of writing are affected by the community specific institutional and socio historical circumstances in which domain specific texts are produced

Knowledge Management and Information Tools for Building Maintenance and Facility Management Cinzia Talamo, Marcella Bonanomi, 2015-10-29 This book describes the latest methods and tools for the management of information within facility management services and explains how it is possible to collect organize and use information over the life cycle of a building in order to optimize the integration of these services and improve the efficiency of processes The coverage includes presentation and analysis of basic concepts procedures and international standards in the development and management of real estate inventories building registries and information systems for facility management Models of strategic management are discussed and the functions and roles of the strategic management center explained Detailed attention is also devoted to building information modeling BIM for facility management and potential interactions between information systems and BIM applications Criteria for evaluating information system performance are identified and guidelines of value in developing technical specifications for facility management services are proposed The book will aid clients and facility managers in ensuring that information bases are effectively compiled and used in order to enhance building maintenance and facility management

Maintainability of Facilities Yit Lin Chew, 2016-08-19 This book focuses on spearheading the integration of maintainability and green facility management right from the design stage The text introduces the concept of green maintainability and discusses considerations to maximize the performance by achieving resource and energy efficiency while minimizing the total life cycle cost in embodied energy environmental impact and consumption of matter energy throughout the life cycle of a facility by doing it right the first time In this edition existing chapters have been brought up to date to include contemporary sustainability concerns such as sustainability design construction and materials and maintainability of green features

Maintainability of Facilities is written for practitioners and students in architecture engineering building real estate construction project management facilities management quantity and building surveying A Roadmap for the Uptake of Cyber-Physical Systems for Facilities Management Matthew Ikuabe, Clinton Aigbavboa, Chimay J Anumba, Ayodeji Oke, 2023-06-22 This is the first book to conceptualise and develop a roadmap for the adoption of cyber physical systems CPS for facilities management FM in developing countries It is argued that effective use of CPS can help to significantly improve issues such as extended processing time poor data acquisition ineffective coverage of facility maintenance history and poor quality control within the facilities management sector Through a theoretical review of relevant technology adoption models and frameworks A Roadmap for the Uptake of Cyber Physical Systems for Facilities Management provides a clear insight into the required parameters for integrating CPS into facilities management The book will be beneficial to relevant stakeholders who face the responsibility of facilities and construction management as it contributes to the growing demand for the adoption of digital technologies in the delivery and management of built infrastructure Furthermore it serves as a solid theoretical base for researchers and academics in the quest to expand the existing borderline on construction digitalisation especially in the post occupancy stage
