The Time of Light Gunnar Kopperud, 2001-06-01 A powerful and lyrical novel about the pity and savagery of war Framed by the nine day Nagorno Karabakh conflict of 1994 The Time of Light is skillfully woven from historical narration and tales of war and tales of women as two men talk Markus a former German soldier seeks atonement from an Armenian priest for his part in the Nazi invasion of Russia Captured at the Battle of Stalingrad Markus never returned to Germany but tried instead to work out his destiny in the country and among the people he feels he has desecrated His two boyhood friends who fought with him and survive the battle follow different paths but Markus turns his back on everything including his wife and son who ultimately goes in search of his vanished father

The Satire of the New Black Renaissance Kamil Chrzczonowicz, 2025-11-11 How do twenty first century Black satirists rewrite American ideas of race This book plunges into the New Black Renaissance a flowering of the 2000s and 2010s African American culture and argues that its most potent tool is anti essentialist satire The study traces what Baratunde Thurston calls Open source Blackness an ethos that prizes individuality inclusivity and remix To map this new terrain this volume offers close readings of three signature works Percival Everett s metafictional Erasure Justin Simien s campus satire Dear White People and Thurston s own multimedia endeavors

his memoir *How to Be Black* and the playful software experiments developed under the auspices of his company Cultivated Wit Together these texts show how literature film and technology fracture worn stereotypes and invite broader co creation of non racial identity The result is the first sustained academic account of Open source Blackness of interest to students and scholars in literary media and cultural studies [The Postethnic Literary](#) Florian Sedlmeier,2014-12-11 The book explores the discursive and theoretical conditions for conceptualizing the postethnic literary It historicizes US multicultural and postcolonial studies as institutionalized discursive formations which constitute a paratext that regulates the reception of literary texts according to the paradigm of representativeness Rather than following that paradigm the study offers an alternative framework by rereading contemporary literary texts for their investment in literary form By means of self reflective intermedial transpositions the writings of Sherman Alexie Chang rae Lee and Jamaica Kincaid insist upon a differentiation between the representation of cultural sign systems or subject positions and the dramatization of individual gestures of authorship As such they form a postethnic literary constellation further probed in the epilogue of the study focused on Dave Eggers **African American Literature** Hans Ostrom,J. David Macey Jr.,2019-11-15 This essential volume provides an overview of and introduction to African American writers and literary periods from their beginnings through the 21st century This compact encyclopedia aimed at students selects the most important authors literary movements and key topics for them to know Entries cover the most influential and highly regarded African American writers including novelists playwrights poets and nonfiction writers The book covers key periods of African American literature such as the Harlem Renaissance the Black Arts Movement and the Civil Rights Era and touches on the influence of the vernacular including blues and hip hop The volume provides historical context for critical viewpoints including feminism social class and racial politics Entries are organized A to Z and provide biographies that focus on the contributions of key literary figures as well as overviews background information and definitions for key subjects *The Jim Crow Encyclopedia* Nikki Brown,Barry M. Stentiford,2008-09-30 Jim Crow refers to a set of laws in many states predominantly in the South after the end of Reconstruction in 1877 that severely restricted the rights and privileges of African Americans As a caste system of enormous social and economic magnitude the institutionalization of Jim Crow was the most significant element in African American life until the 1960s Civil Rights Movement led to its dismantling Racial segregation as well as responses to it and resistance against it dominated the African American consciousness and continued to oppress African Americans and other minorities while engendering some of the most important African American contributions to society This major encyclopedia is the first devoted to the Jim Crow era The era is encapsulated through more than 275 essay entries on such areas as law media business politics employment religion education people events culture the arts protest the military class housing sports and violence as well as through accompanying key primary documents excerpted as side bars This set will serve as an invaluable definitive resource for student research and general knowledge The authoritative entries are written by a host of historians

Myers, 2022-10-06 Few vocations share more in common with preaching than stand up comedy Each profession demands attention to the speaker's bodily and facial gestures tone and inflection timing and thoughtful engagement with contemporary contexts Furthermore both preaching and stand up arise out of creative tension with homiletic or comedic traditions respectively Every time the preacher steps into the pulpit or the comedian steps onto the stage they must measure their words and gestures against their audience's expectations and assumptions They participate in a kind of dance that is at once choreographed and open to improvisation It is these and similar commonalities between preaching and stand up comedy that this book engages *Stand Up Preaching* does not aim to help preachers tell better jokes The focus of this book is far more expansive Given the recent popularity of comedy specials preachers have greater access to a broad array of emerging comics who showcase fresh comedic styles and variations on comedic traditions Coupled with the perennial Def Comedy Jams on HBO preachers also have ready access to the work of classic comics who have exhibited great storytelling and stage presence This book will offer readers tools to discern what is homiletically significant in historical and contemporary stand up routines equipping them with fresh ways to riff off of their respective preaching traditions and nuanced ways to engage issues of contemporary sociopolitical importance **Runaway Genres** Yogita Goyal, 2019-10-29 Winner 2021 Ren Wellek Prize given by the American Comparative Literature Association Winner 2021 Barbara Perkins and George Perkins Award given by the International Society for the Study of Narrative Honorable Mention 2020 James Russell Lowell Prize given by the Modern Language Association Argues that the slave narrative is a new world literary genre In *Runaway Genres* Yogita Goyal tracks the emergence of slavery as the defining template through which current forms of human rights abuses are understood The post black satire of Paul Beatty and Mat Johnson modern slave narratives from Sudan to Sierra Leone and the new Afropolitan diaspora of writers like Teju Cole and Chimamanda Ngozi Adichie all are woven into Goyal's argument for the slave narrative as a new world literary genre exploring the full complexity of this new ethical globalism From the humanitarian spectacles of *Kony 2012* and *Bring Back Our Girls* through gothic literature *Runaway Genres* unravels for instance how and why the African child soldier has now appeared as the afterlife of the Atlantic slave Goyal argues that in

order to fathom forms of freedom and bondage today from unlawful detention to sex trafficking to the refugee crisis to genocide we must turn to contemporary literature which reveals how the literary forms used to tell these stories derive from the antebellum genre of the slave narrative Exploring the ethics and aesthetics of globalism the book presents alternative conceptions of human rights showing that the revival and proliferation of slave narratives offers not just an occasion to revisit the Atlantic past but also for re narrating the global present In reassessing these legacies and their ongoing relation to race and the human Runaway Genres creates a new map with which to navigate contemporary black diaspora literature
