On the Bullet Train with Emily Brontë Judith Pascoe, 2019-01-23 While teaching in Japan Judith Pascoe was fascinated to discover the popularity that Emily Brontë's novel *Wuthering Heights* has enjoyed there. Nearly 100 years after its first formal introduction to the country, the novel continues to engage the imaginations of Japanese novelists, filmmakers, manga artists, and others, resulting in numerous translations, adaptations, and dramatizations. *On the Bullet Train with Emily Brontë* is Pascoe's lively account of her quest to discover the reasons for the continuous Japanese embrace of *Wuthering Heights*, including quite varied and surprising adaptations of the novel. At the same time, the book chronicles Pascoe's experience as an adult student of Japanese. She contemplates the multiple Japanese translations of Brontë, as contrasted to the single or non-existent English translations of major Japanese writers. Carrying out a close reading of a distant country's *Wuthering Heights*, Pascoe begins to see American literary culture as a small island on which readers are isolated from foreign literature. In this and in her previous book *The Sarah Siddons Audio Files*, Pascoe's engaging narrative innovates a new scholarly form involving immersive research practice to attempt a cross-cultural version of reader response criticism. *On the Bullet Train with Emily Brontë* will appeal to scholars in the fields of 19th-century British literature, adaptation studies, and Japanese literary history.

The Asian Mystique Sheridan Prasso, 2009-04-29 Few Westerners escape the images, expectations, and misperceptions that lead us to see Asia as exotic, sensual, decadent, dangerous, and mysterious. Despite and because of centuries of East-West interaction, the stereotypes of Western literature, stage, and screen remain pervasive icons: the tea-pouring, submissive, sexually available geisha girl; the steely, cold dragon lady dominatrix; as well as the portrayal of the Asian male as effeminate and asexual. These Oriental illusions color our relations and relationships in ways even well-respected professional Asia hands and scholars don't necessarily see. *The Asian Mystique* lays out a provocative challenge to see Asia and Asians as they really are, with unclouded, de-eroticized eyes. It traces the origins of Western stereotypes in history and in Hollywood, examines the phenomenon of yellow fever, then goes on a reality tour of Asia's go-go bars, middle-class homes, college campuses, business districts, and corridors of power, providing intimate profiles of women's lives and vivid portraits of the human side of an Asia we usually mythologize too well to really understand. It strips away our misconceptions and stereotypes, revealing instead the fully dimensional human beings beyond our usual perceptions. *The Asian Mystique* is required reading for anyone with interest in or interaction with Asia or Asian-origin people, as well as any serious student or practitioner of East-West relations.

Hollywood's Canada Pierre Berton, 1975 Between 1907 and 1975 Hollywood movie makers made 575 movies specifically set, although not usually filmed, in Canada. That statistic will startle those Canadians who have been told that foreign audiences won't sit still for a film about their country. As Pierre

Berton points out in this explosive tragic and often funny book the opposite is true Movies about Canada have been making money in international markets for half a century But the Canada that has been shown to the world is very different from the real Canada and the Canadian image now firmly fixed in the minds of three generations of moviegoers is a caricature of the real thing If Canadians have no sense of their own identity it is partly because American movie makers have distorted and blurred that identity And if foreigners think of this country as a land of snow swept forests and mountains devoid of larger cities and peopled by happy go lucky French Canadians wicked half breeds wild trappers and loggers savage Indians and above all grim jawed Mounties that s because Hollywood has pictured us that way Berton who has examined the plot of almost every movie made about this country finds that the Hollywood image of Canada and its people have been consistent since the first one reel silent films were made in 1907 The prairies are rarely shown almost every movie is an outdoor film set in the wilderness the only city mentioned with any regularity is Montreal The Great Woods begin at the border and stretch on the Arctic Circle The Canadian frontier is seen by Hollywood as an extension of the American frontier lawless and violent peopled by gunslingers and studded with gambling halls and saloons The Mountie is treated as an American frontier marshal in a red coat The Klondike and the Yukon Territory are totally confused with Alaska Our great historical adventures when they are dealt with at all the building of the Canadian Pacific for example and the Riel Rebellion are distorted to the point where they are unrecognizable Cecil B DeMille s production of North West Mounted Police was hailed by international critics including Canadians as the most authentic pictures ever made about the Mounties but as Berton shows in fascinating detail DeMille turned history topsy turvy and managed to give the impression that the Mounties themselves had okayed the film Berton s research which has taken him from London to Hollywood and which makes use of hitherto unpublished material from the files of the RCMP and the Public Archives of Canada reveals in detail the successful efforts of the Hollywood lobby to quash a quota system for films in post war Canada a system that might have given us a native born movie industry The book is studded with illuminating discoveries a plea from Rudolph Friml s office to Pierre Elliot Trudeau begging him not to destroy the beautiful legend of Rose Marie The author points out there are four legends all totally different an RCMP commissioner s wistful telegram to Hollywood Mounted police would appreciate being left alone the Yukon River steamboat sequence slipped into a movie about the Dionne Quintuplets the trials and tribulations of an ex Mountie acting as technical adviser in Hollywood These are some of the surprises in a book which is not only an exciting revelatory narrative of more than sixty years of exploitation but also a work of careful scholarship Publisher **The Japanese Filmography** Stuart Galbraith IV, 1996-01-01 This encyclopedic reference work treats a near century s worth of Japanese films released in the United States in theaters or on video and the important actors directors producers and technical personnel involved in them For people each entry provides birth date education death when appropriate a brief biography and a filmography The movies are arranged by original U S release titles and include cast and production credits studio Japanese and U S distributor sound
