Holocaust Remembrance between the National and the Transnational Larissa Allwork, 2015-07-30 Holocaust Remembrance Between the National and the Transnational provides a key study of the remembrance of the Jewish Catastrophe and the Nazi era past in the world arena It uses a range

of primary documentation from the restitution conferences speeches and presentations made at the Stockholm International Forum of 2000 SIF 2000 a global event and an attempt to mark a defining moment in the inter cultural construction of the political and institutional memory of the Holocaust in the USA Europe and Israel Containing oral history interviews with delegates to the conference and contemporary press reports this book explores the inter relationships between global and national Holocaust remembrances The causes consequences and cosmopolitan intellectual context for understanding the SIF 2000 are discussed in great detail Larissa Allwork examines this seminal moment in efforts to globally promote the important if ever controversial topics of Holocaust remembrance worldwide Genocide prevention and the commemoration of the Nazi past Providing a balanced assessment of the Stockholm Project this book is an important study for those interested in the remembrance of the Holocaust and the Third Reich as well as the recent global direction in memory studies *No Road Leading Back* Chris Heath,2024-09-03 This by turns shattering and hope giving account of prisoners who dug their way to freedom from the Nazis is both a stunning escape narrative and an object lesson in the ways we remember and continually forget the particulars of the Holocaust *No Road Leading Back* is the remarkable story of a dozen prisoners who escaped from the site where more than 70 000 Jews were shot in the Lithuanian forest of Ponar after the Nazi invasion of Eastern Europe in 1941 Anxious to hide the incriminating evidence of the murders the S S later in the war enslaved a group of Jews to exhume every one of the bodies and incinerate them all in a months long labor an episode whose specifics are staggering and disturbing even within the context of the Holocaust From within that dire circumstance emerges the improbable escape made by some of the men who dug a tunnel with bare hands and spoons while they were trapped and guarded day and night an act not just of bravery and desperation but of awesome imagination Based on first person accounts of the escapees and on each scrap of evidence that has been documented repressed or amplified since this book resurrects their lives while also providing a complex urgent analysis of why their story has rarely been told and never accurately Heath explores the cultural use and misuse of Holocaust testimony and the need for us to face it and all uncomfortable historical truths with honesty and accuracy *The Book Thieves* Anders Rydell,2018-02-06 A chilling reminder of Hitler s twisted power BBC For readers of *The Monuments Men* and *The Hare with Amber Eyes* the story of the Nazis systematic pillaging of Europe s libraries and the small team of heroic librarians now working to return the stolen books to their rightful owners While the Nazi party was being condemned by much of the world for burning books they were already hard at work perpetrating an even greater literary crime Through extensive new research that included records saved by the Monuments Men themselves Anders Rydell tells the untold story of Nazi book theft as he himself joins the effort to return the stolen books When the Nazi soldiers ransacked Europe s libraries and bookshops large and small the books they stole were not burned Instead the Nazis began to compile a library of their own that they could use to wage an intellectual war on literature and history In this secret war the libraries of Jews Communists Liberal politicians LGBT activists Catholics Freemasons and many other opposition groups were

appropriated for Nazi research and used as an intellectual weapon against their owners But when the war was over most of the books were never returned Instead many found their way into the public library system where they remain to this day Now Rydell finds himself entrusted with one of these stolen volumes setting out to return it to its rightful owner It was passed to him by the small team of heroic librarians who have begun the monumental task of combing through Berlin s public libraries to identify the looted books and reunite them with the families of their original owners For those who lost relatives in the Holocaust these books are often the only remaining possession of their relatives they have ever held And as Rydell travels to return the volume he was given he shows just how much a single book can mean to those who own it Ladrones de libros Anders Rydell,2022-08-31 Mientras Berlín se iluminaba fantasmagóricamente con las piras donde ardían libros prohibidos los nazis llevaban a cabo un crimen cultural de proporciones aún mayores A través de una pormenorizada investigación Anders Rydell ha documentado el saqueo de bibliotecas privadas y particulares y librerías que a lo largo y ancho de la Europa ocupada llevaron a cabo las tropas alemanas Los anaqueles de judíos comunistas políticos liberales activistas por los derechos LGTB católicos masones y de cualquiera que entrara en la larga lista de enemigos del régimen fueron expoliados y las obras que contenían esgrimidas como armas intelectuales contra sus dueños Pero en paralelo esta es la historia casi detectivesca de cómo un heroico puñado de bibliotecarios y con ellos el propio autor han emprendido la tarea de devolver estos libros a sus dueños legítimos Para ello han peinado las bibliotecas públicas de Berlín con el fin de tratar de identificar los volúmenes robados y han intentado dar con los familiares de aquellos que fueron despojados En muchos casos estos libros son el único objeto que los descendientes de víctimas del Holocausto podrán tener entre las manos como un recuerdo La Segunda Guerra Mundial fue también un conflicto cultural y el estudio y refutación de toda la literatura degenerada que los nazis expoliaron pretendía justificar el deseo de Alemania de dominar el mundo y derrotar a sus enemigos con la ciencia así como sentar las bases intelectuales sobre las que descansar a él Reich de los mil años Un Reich que se levantara no solo sobre sangre y piedra sino también sobre palabras *Boktjuvarna : jakten på de försvunna biblioteken* Anders Rydell,2015-09-09 Kvällen den 10 maj 1933 lystes hela Tyskland upp av bokbål På Opernplatz i Berlin hade 40 000 människor samlats för att lyssna på nazisternas propagandaminister Joseph Goebbels flammande tal där han förklarade att elden markerade slutet för Weimarepublikens dekadenta kulturliv Båcker av Marx Mann Brecht och Hemingway blev lågornas rov Bakom bokbålarna finns dock en annan berättelse den om hur nazisterna plundrade tusentals bibliotek och stal miljontals böcker i de ockuperade länderna Två fruktade män SS ledaren Heinrich Himmler och naziideologen Alfred Rosenberg tvingade om att låga under sig Europas litterära arv Himmler samlade till ett enormt bibliotek om rikets fiender på SS högkvarter i Berlin Ideologen Alfred Rosenbergs plan var närmare ambitiös att låga grunden för ett helt nytt nazistiskt forsknings och högskoleväsende Där skulle Tredje rikets framtida ledarellit fostras och en rad nya forskningsinstitut inrättas för att utföra de värningar och folkmord på judar romer och politiska fiender I Boktjuvarna berättar Anders Rydell om ett av

nazisternas mest skrämmande projekt. Han har rest över den europeiska kontinenten i tjuvarnas spår på jakt efter de försvunna biblioteken och de stulna bokens övriga delar. Книжкові злочини.
