

A fouled spark plug

Illustration of different spark plug "gaps"

Best advice about plugs is to use the correct type. The accompanying illustrations explain correct plug construction and correct gap. A study of your vehicle's plugs will do much to reduce the chances of engine operating conditions.

Always use the plug recommended by the manufacturer for several conditions: Is the recommended plug in clearly too big or too small for the conditions your vehicle encounters, or is the next size or heat range, for the plug right or too large, and won't have the right gap of the ignition system in working.
