Across the Ages Helleke van den Braber, Jeroen Dera, Jos Joosten, Maarten Steenmeijer, 2021-04-20 As marketing specialists know all too well our experience of products is prefigured by brands trademarks that identify a product and differentiate it from its competitors This process of branding has hitherto gained little academic discussion in the field of literary studies Literary authors and the texts they produce though are constantly branded from the early modern period onwards they have been both the object and the initiator of a complex marketing process This book analyzes this branding process throughout the centuries focusing on the case of the Netherlands To what extent is our experience of Dutch literature prefigured by brands and what role does branding play when introducing European authors in the Dutch literary field or vice versa By answering these questions the volume seeks to show how literary scholars can account for the phenomenon of branding

Love Life Ray Kluun, 2007-07-24 Winner of the Dutch NS Publiek Book of the Year Prize A raw moving and shameless ode to love Daily Mirror Dan and Carmen have it all it seems They are young rich good looking satisfied in their work and love life and are the parents of a beautiful three year old daughter When Carmen is diagnosed with breast cancer Dan is unable to cope with her illness and the changes this brings to their happy yuppie family life While the beautiful and optimistic Carmen submits to chemotherapy and eventually a mastectomy hedonistic Dan tries to find solace with his buddies and in several flings before he finally stops running away and succeeds in supporting Carmen in her decision to end her life with dignity Love Life is an account of a terminal illness that is devoid of glitz or fake sentiment Distressing hospital situations and spot on characterizations of doctors and therapists alternate with the many heart wrenching moments through the course of Carmen's illness as both she and Dan come to terms with what commitment really means Love Life is completely

unapologetic extremely controversial but ultimately uplifting and life affirming A radical 21st century version of Love Story

 Bennink,2023-06-19 Radiologische beelden worden gemaakt bij nagenoeg elke pati nt die in contact komt met de
 hedendaagse zorg De beelden zijn overal te bekijken maar kun je er ook echt iets in zien Heb je tijdens je studie geleerd te
 zien wat er on zichtbaar afwijkend is Dat is het domein van de radioloog De analogie met een rondwandeling door een
 willekeurig museum ligt voor de hand je kan veel rondkijken met een gids of een audiotour in de hand kun je daadwerkelijk
 meer zien De dokter en het beeld geeft aan de hand van voorbeelden uit de praktijk inzicht in de rol van radiologische
 beeldvorming in de zorg Veelvoorkomende ziektebeelden van de diverse deelgebieden binnen de radiologie worden
 beschouwd vanuit drie perspectieven de verwijzer de radioloog en de pati nt Deze uniforme doch multidimensionale
