

# Client Services Network of Lee County

## ***POLICIES AND PROCEDURES MANUAL***

### Client Services Network of Lee County

#### **Overview**

Congress has established a national goal that all communities should be collecting an array of data about homelessness, including unduplicated counts of individuals who are homeless, their use of services and the effectiveness of local assistance systems. In order to achieve this objective, the Department of Housing and Urban Development (HUD) encouraged communities to develop a Homeless Management Information System and has provided funding through the Supportive Housing Program, Continuum of Care process to assist in the implementation of systems to collect this data.

Client Services Network software was selected for implementation to meet these requirements for participants within the Lee County collaborative, known here as **Client Services Network (CSN)** of Lee County. Participating agencies in the collaborative include Abuse Counseling and Treatment Center (ACT), After the Rain, Community Cooperative Ministries, Inc. (CCMI), House of Hope, Lee County Homeless Coalition, Lee County Department of Human Services (DHS), Lee Mental Health/Plum Cooper Center, Our Mother's Home, New Life Centers, Resurrection Mission, The Salvation Army, South West Florida Addiction Services, United Way, and We Care Outreach. **The Lee County Department of Human Services (DHS)** is the continuum lead agency and its staff will act as Group Administrator for Client Services Network.

#### **Implementation**

The Client Services Network of Lee County implementation structure includes a Project Team and a User Group.

The Project Team is comprised of staff from the DHS, HMS System Administrator, and Client Services Network, Inc. (software provider).

The User Group is comprised of staff from each participating agency in the Client Services Network of Lee County collaborative. The User Group meetings serve as a forum for collaborative members to discuss their implementation needs and status, raise questions, participate in problem resolution regarding system implementation and on-going operations, and to participate in the policy setting process.

The Client Services Network of Lee County Policies and Procedures Manual was adapted from The Maricopa Homeless Management Information System's Policy and Procedures Manual with their permission - many thanks to The Maricopa Homeless Management Information System and Symetrio Solutions! The Policies and Procedures Manual is designed to support implementation and on-going operation of the system to ensure strict client confidentiality, security of information, and consistent application of the functions provided by Client Services Network. The Project Team and User Group will continue to update these Policies and Procedures as needed.

For information regarding the implementation of Client Services Network, contact Eric Patecki, Lee County Department of Human Services, at [epatecki@leegov.com](mailto:epatecki@leegov.com) or (202) 502-7005.
