

Election Campaign- The Issues

- Iraq- McCain had voted in favour of the Iraq War, whereas Obama had not. McCain's belief that the US should maintain a presence in Iraq after the War was also deeply unpopular.
- Bush's unpopularity- McCain struggled to distance himself from the Bush administration even though he was not part of the executive branch of government. He couldn't manage to try and win over independent voters without losing conservative members of his own party. Unlike previous campaigns, the incumbent Bush made no appearances throughout McCain's campaign.
- The economy – McCain seen to not be in touch with the issues of ordinary voters. Suspended campaigning to help craft the banking bailout but was said to have little or no impact.
- Change versus experience- Polls suggested that Obama's inexperience was less of an impediment than McCain's association with the Bush Administration. McCain's choice running mate was also judged to be unwise decision.
