FAERIE WINTER

The Bones of Faerie trilogy 2

Faerie Winter Bones Of Faerie 2 Janni Lee Simner

Annelies Wilder-Smith

Faerie Winter Bones Of Faerie 2 Janni Lee Simner:

Faerie Winter Janni Lee Simner, 2011-04-05 The long awaited sequel to Janni Lee Simner's breathtaking YA fantasy debut *Bones of Faerie* Liza is a summoner. She can draw life to herself even from beyond the grave. And because magic works both ways she can drive life away. Months ago she used her powers to banish her dangerous father and to rescue her mother lost in dreams from the ruined land of Faerie. Born in the wake of the war between humanity and Faerie Liza lived in a world where green things never slept where trees sought to root in living flesh and bone. But now the forests have fallen silent. Even the evergreens' branches are bare. Winter crops won't grow and the threat of starvation looms. And deep in the forest a dark malevolent will is at work. To face it Liza will have to find within herself something more powerful than magic alone. Here at last is the sequel to *Bones of Faerie* for all those fans of dark fantasy and dystopian adventure who thrilled to Janni Lee

Simner's unique vision of a postapocalyptic world infused with magic. From the Hardcover edition. *Faerie After* Janni Lee Simner, 2013-05-28 Fans of dark fantasy and dystopian adventure discovered Janni Lee Simner's first novel *Bones of Faerie* to be an exciting twist on a favorite theme. Now readers of Holly Black, Melissa Marr, and Cassandra Clare can return to Janni's unique vision of a magic infused postapocalyptic world where war between Faerie and humanity has left both realms devastated. In the second book of the trilogy *Faerie Winter* Liza managed to bring spring back to the human realm but the

Faerie realm has continued to deteriorate, crumbling away into dust. When Liza crosses over to investigate, will she be forced to sacrifice her life and the lives of her friends in order to save both worlds. **Encountering Enchantment** Susan

Fichtelberg, 2015-09-29 The most current and complete guide to a favorite teen genre, this book maps current releases along with perennial favorites, describing and categorizing fantasy, paranormal, and science fiction titles published since 2006. Speculative fiction continues to be of consuming interest to teens, so if you work with that age group, keeping up with the explosion of new titles in this category is critical. Likewise, understanding the many genres and subgenres into which these titles fall—wizard fantasy, alternate worlds, fantasy mystery, dystopian fiction, science fantasy, and more—is also key if you want to motivate young readers and direct them to books they'll enjoy. Written to help you master a complex array of genres and titles, this guide includes more than 1,500 books most published since 2006, organizing them by genre, subgenre, and theme. Subgenres growing in popularity, such as steampunk, are highlighted to keep you current with the latest trends. The guide will serve three audiences. Of course, you can turn to it as you help your teenage patrons select the books and genres that will interest them most. Teen readers, whether devoted fans or newcomers, can use it themselves to find titles and subgenres they might like. In addition, the guide will help teachers and parents match students with the right books. *Talking Book Topics*
