Faith Among Faiths Christian Theology And Non Christian Religions:

Faith Among Faiths James Lee Fredericks, 1999 In the twenty first century the meaning of non Christian religions for Christian faith will become a central question Are all religions including Christianity responding to the same transcendent truth or are religions fundamentally different In *Faith among Faiths* James Fredericks moves beyond the popular pluralist model of religions and explores the meaning of Christianity in light of non Christian religions By doing theology comparatively Fredericks shows how Christians can look upon religious diversity as an opportunity for enriching their own spiritual quest BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Nostra Aetate, Non-Christian Religions, and Interfaith Relations* Kail C. Ellis, 2020-10-01 This book explores how *Nostra Aetate* the Declaration on the Relation of the Church with Non Christian Religions of the Second Vatican Council can influence inter religious dialogue and understanding in the modern world Although influential in religious academic and scholarly circles it is relatively unknown outside these areas The contributors remedy that deficit by highlighting the declaration s difficult historical and social context and the Church s evolving relationship with non Christians Contentious topics are examined such as the link between the Jewish people and the land and state of Israel that questions the Catholic understanding of the relativity of national borders and identity and the challenges posed to the Church s relationship with Islam by its prioritization of human rights and religious freedom for Christians and minorities in certain Muslim regimes Given its scope it is an ideal resource for graduate students and researchers in the fields of political science international relations religion and minority studies *Stepping Stones To Other Religions: A Christian Theology of Inter-religious Dialogue* Dermot A. Lane, Religious Pluralism and Pragmatist Theology Jan-Olav Henriksen, 2019-07-22 Inspired by pragmatism this book addresses religious plurality with the aim of bringing forth how it may be approached constructively by Christian theology Accordingly not doctrine but practices are focussed in its analyses of interreligious topics Henriksen argues that engagement with the diversity of religious traditions should be grounded in openness towards the other and resistance against making others similar to oneself Accordingly the book presents a theological approach where interaction between religious practitioners is considered a benefit and a necessity for the positive future of religious traditions It will be of interest to anyone who is interested in the understanding of religious pluralism from the point of view of Christian theology

Comparative Theology and the Problem of Religious Rivalry Hugh Nicholson, 2011-04-08 A model of interreligious theology that seeks to reconcile the ideal of religious tolerance with an acknowledgement of the extent to which religious communities construct identity on the basis of religious differences *Karl Barth's Theology as a Resource for a Christian Theology of Religions* Sven Ensminger, 2014-08-28 This book uses Karl Barth s theology as a resource for Christian theology of religions For this purpose it examines Barth s theology under the doctrinal aspects of revelation revelation and religion theological anthropology and election addressing questions such as the possibility of and context for revelation Barth s

understanding of religion the theological approach to the human being and soteriology Furthermore Barth's thought is put into conversation with other approaches in the field of theology of religions notably Karl Rahner's inclusivism and John Hick and the pluralist paradigm It is shown that Barth's theological system as a whole can serve as a resource for the Christian approach to and interaction with those of other faiths or no faith at all This is achieved through maintaining a balance between the commitment to the own faith and the openness to the sovereignty of God impacting the whole of creation Central to Barth's approach is the challenge to the Christian community to see their presuppositions challenged in the most unexpected circumstances while looking beyond human categories to affirm the dignity bestowed upon all of humanity through the divine Yes in the person Jesus Christ Barth's theology with its starting point in the person of Jesus Christ is advocated as a framework for the members of the Christian community as they live alongside those with a different faith from their own

Religious Perspectives on Religious Diversity, 2016-11-07 Religious Perspectives on Religious Diversity addresses fundamental and controversial questions raised by religious diversity What are members of religious traditions to say about outsiders their views and their salvific status And what are they to say about the religions of outsiders about say whether those religions are inspired or salvifically effective or worthwhile or legitimate Discussion of some Muslim Christian and Jewish perspectives is combined with more methodological work The authors of these ground breaking and original yet readable and accessible essays include established scholars and younger scholars whose reputation is growing Contributors are Imran Aijaz David Basinger Paul Rhodes Eddy Jerome Gellman Mohammad Hassan Khalil Eugene Korn Daniel A Madigan Robert McKim John Sanders and Diego R Sarri Cucarella Judaism Christianity and Islam's attitudes to other religions are thoughtfully examined in this collection both with fine historical sensibility as well as original constructive contributions from leading scholars in the field A series of helpful meta reflections follow on typologies in theology of religions the act of comparison between traditions and a plea for informed tolerance when difference is confronted A rare treat an edited collection that is of uniformly high quality throwing immense light on the subject It will help specialists and undergraduate students approaching the subject of religious pluralism Professor Gavin D Costa University of Bristol September 2016

The Catholic Doctrine of Non-Christian Religions Miikka Ruokanen, 2016-05-18 In the Second Vatican Council 1962-65 the Catholic Church for the first time recognized non-Christian religions as entities which the Church should respect and with which Christians should enter into dialogue There are however conflicting views in Catholic interpretations of Conciliar theology to what extent did the Council see other religions as means to salvation The author offers *The Catholic Doctrine of non-Christian Religions* according to the Second Vatican Council as the first comprehensive and analytic piece of research on Conciliar teaching concerning the nature of other faiths His study is based on the original Latin and covers Conciliar and pre-conciliar documents with special focus on the Declaration on the relation of the Church to Non-Christian religions *Nostra aetate* In his detailed and careful analysis Ruokanen demonstrates that *Vaticanum Secundum* understood non-Christian

religions as naturally good entities part of human culture Religions express in many ways and to varying degrees the natural cognition of God and of natural moral law Except for Judaism they do not however possess the status of being considered channels of divine revelation or salvific grace The seeds of truth present in other faiths must be purified and perfected by the fullness of grace and truth given in Christ and entrusted to the Church **John Henry Newman and the Crisis of**
