Hollywood's America Steven Mintz, Randy W. Roberts, 2010-03 Fully revised updated and extended this compilation of interpretive essays and primary documents teaches students to read films as cultural artifacts within the contexts of actual past events A new edition of this classic textbook which ties movies into the broader narrative of US and film history Ten new articles which consider recently released films as well as issues of gender and ethnicity Well organized within a chronological framework with thematic treatments to provide a valuable resource for students of the history of American film Fourth edition includes completely new images throughout The Love of the Last Tycoon F. Scott Fitzgerald, 1994 Depicts the inner workings of the Hollywood movie industry and its impact on the fabric of American life **African American Women in the News** Marian Meyers, 2013-07-24 African American Women in the News offers the first in depth examination of the varied representations of Black women in American journalism from analyses of coverage of domestic abuse and crack mothers to exploration of new media coverage of Michelle Obama on Youtube Marian Meyers interrogates the complex and often contradictory images of African American women in news media through detailed studies of national and local news the mainstream and Black press and traditional news outlets as well as newer digital platforms She argues that previous studies of African Americans and the news have largely ignored the representations of women as distinct from men and the ways in which socioeconomic class can be a determining factor in how Black women are portrayed in the news Meyers also proposes that a pattern of paternalistic racism as distinct from the modern racism found in previous studies of news coverage of African Americans is more likely to characterize the media's treatment of African American women Drawing on critical cultural studies and black feminist theory concerning representation and the intersectionality of gender race and class Meyers goes beyond the cultural myths and stereotypes of African American women to provide an updated portrayal of Black women today African American Women in the News is ideal for courses on African American studies American studies journalism studies media studies sociology studies women's studies and for professional journalists and students of journalism who seek to improve the diversity and sensitivity of their journalistic practice The Conscience of a Libertarian Wayne Allyn Root, 2009-07-06 Libertarian conservative solutions to the political social economic and tax issues facing the United States from a 2012 Third Party Presidential contender as well as one of America's leading Tea Party political leaders In today's uncertain economy people are growing more and more concerned about their financial future and looking for common sense limited government solutions In The Conscience of a Libertarian Empowering the Citizen Revolution with God Guns Gold dramatically reduced spending and taxes States Rights free markets adherence to the Constitution an end to the Fed a ban of bailouts stimulus earmarks pork and corporate welfare economic and personal freedom and a return of power to the people just as the Founding Fathers intended The book Explains why Obama's big government solutions are leading to a Great Depression II and a coming Citizen Revolution Proposes a one year Income Tax Vacation a permanent end to capital
