A. Attanasio, Ramsey Campbell, Fritz Leiber, 1996 **Midnight Rambles** David J. Goodwin, 2023-11-07 A micro biography of horror fiction's most influential author and his love hate relationship with New York City By the end of his life and near financial ruin pulp horror writer Howard Phillips Lovecraft resigned himself to the likelihood that his writing would be forgotten Today Lovecraft stands alongside J. R. R. Tolkien as the most influential genre writer of the twentieth century His reputation as an unreformed racist and bigot however leaves readers to grapple with his legacy Midnight Rambles explores Lovecraft's time in New York City a crucial yet often overlooked chapter in his life that shaped his literary career and the inextricable racism in his work Initially New York stood as a place of liberation for Lovecraft During the brief period between 1924 and 1926 when he lived there Lovecraft joined a creative community and experimented with bohemian living in the publishing and cultural capital of the United States He also married fellow writer Sonia H. Greene a Ukrainian Jewish migr in the fashion industry However cascading personal setbacks and his own professional ineptitude soured him on New York As Lovecraft became more frustrated his xenophobia and racism became more pronounced New York's large immigrant population and minority

communities disgusted him and this mindset soon became evident in his writing. Many of his stories from this era are infused with racial and ethnic stereotypes and nativist themes, most notably his overtly racist short story *The Horror at Red Hook* set in Red Hook, Brooklyn. His personal letters reveal an even darker bigotry. Author David J. Goodwin presents a chronological micro biography of Lovecraft's New York years, emphasizing Lovecraft's exploration of the city environment, the greater metropolitan region, and other locales, and how they molded him as a writer and as an individual. Drawing from primary sources (letters, memoirs, and published personal reflections) and secondary sources (biographies and scholarship), *Midnight Rambles* develops a portrait of a talented and troubled author and offers insights into his unsettling beliefs on race, ethnicity, and immigration. *Robert E. Howard* Willard M. Oliver, 2025-04-15

Robert E. Howard (1906-1936) is most widely known today as the creator of Conan the Cimmerian, more popularly referred to as Conan the Barbarian. However, he also wrote across a wide array of genres for the pulp magazines of the 1920s and 1930s, including westerns, sports stories, boxing adventures, supernatural horror, and even humor. Howard also created many other popular characters, such as King Kull, Bran Mak Morn, Solomon Kane, Steve Costigan, and Breckenridge Elkins. More importantly, he created two specific subgenres of fiction: sword and sorcery (sometimes referred to as heroic fantasy) and weird westerns. Born and raised in Texas, Robert E. Howard began his writing career after his family settled in the small Central Texas town of Cross Plains. His first professional sale came from the pulp magazine *Weird Tales* in 1925, and over the next eleven years, he wrote hundreds of stories and an equal number of poems. With this prolific body of stories, he was among the most lauded pulp authors of that era. It has been said, and rightly so, that the secret to his success was that there was a bit of Howard in every one of his characters, and because Howard was a Texan, even Conan shows elements of the Texan in his persona. *Robert E. Howard: The Life and Times of a Texas Author* details the many trials and tribulations he faced as he became and remained a full-time writer while dealing with an aging father and caring for a mother who was dying of tuberculosis. The book both chronicles his personal life and demonstrates how the one driving force in Robert E. Howard's life—forming the foundation for all of his characters and stories—was his personal pursuit of freedom. He lived for his freedom; he wrote as a means to attain that freedom, and while it may sound strange, he also died tragically by his own hand in that very same pursuit at the young age of 30. **The Cambridge Companion to Race and American Literature** John Ernest, 2024-06-30

A comprehensive study of how American racial history and culture have shaped and have been shaped by American literature. *The Call of Cthulhu* HP LOVECRAFT, 2024-04-12

While organizing the documents of his great uncle, who died in mysterious circumstances, Francis Thurston accidentally discovers a series of clues to an ancient alien monster that lurks at the bottom of the sea, asleep and waiting for the moment it will break free to destroy humanity. A tale of horror that creates a hidden universe and instigates our psychological when dealing with the fear of the unknown. **Legal Stories** Gregory Steirer, 2024-07-01

Tracing the emergence of what the media industries today call transmedia story worlds and narrative franchises, *Legal Stories* provides a

dual history of copyright law and narrative based media development between the Copyright Act of 1909 and the Copyright Act of 1976 Drawing on archival material including legal case files and employing the principles of actor network theory Gregory Steirer demonstrates how the meaning and form of narrative based property in the twentieth century was integral to the letter and practice of intellectual property law during this time Steirer s expansive view of intellectual property law encompasses not only statutes and judicial opinions but also the everyday practices and productions of authors editors fans and other legal laypersons The result is a history of the law as improvisatory and accident prone taking place as often outside the courtroom as inside and shaped as much by laypersons as lawyers Through the examination of influential legal disputes involving early properties such as Dashiell Hammett s Sam Spade H P Lovecraft s Cthulhu Mythos and Robert E Howard s Conan the Barbarian Steirer provides a ground s eye view of how copyright law has operated and evolved in practice
