Redefining Tandem Language and Culture Learning in Higher Education Claire Tardieu, Céline Horgues, 2019-08-21 This book provides a comprehensive critical account of tandem learning charting its evolution from its origins in European educational settings to modern programs offering new perspectives on the approach's role within higher education Taking stock of the ways in which increased globalization has produced new linguistic and sociocultural realities the volume begins by looking back at the development of tandem learning over the last several decades growing out of a need to create more opportunities for L2 learners to communicate in their target language The book then examines the different learning objectives and learning outcomes of tandem learning arrangements moving toward a discussion of tandem learning's potential role in shaping language policy and the unique challenges involved in implementing tandem programs at higher education institutions The final section of the book brings the previous discussions together to consider new tools and

technology and the ways in which they can better equip language educators to implement tandem learning in their own practice Highlighting tandem learning s potential to promote multilingual and multicultural learning on a global scale this volume will be of particular interest to students and researchers in intercultural communication language education multilingualism and applied linguistics **Learn French English Slovak Speaking 10,000 Sentences with Useful 46**

Ahn,2023-07-12 Intercultural couples ICs often face unique challenges that go unnoticed This book delves into the experiences of 20 ICs living in Singapore and explores the complexity of their experiences through the lens of translanguageing It shows how ICs mix language and culture in a borderless manner not only between spouses but also with their wider families Additionally the authors examine the significance of technological advancements which have transformed ICs experiences over the past decade In particular parents in law pose a significant challenge for Asian Western couples as the relationship with them in Asia differs from that in the West Each couple s unique shared culture and language transcends the borders of nation states requiring exchange sharing negotiation and adaptation This book provides an easy to read holistic exploration of the issues faced by ICs offering insight into overlooked aspects such as location in laws and technology

Slovakia Philip Anthony Hrobak, 1951 *The Politics of Good Neighbourhood* Béla Filep, 2016-10-04 Analyzing neighbourly relations in multicultural societies this book develops a concept of good neighbourhood and argues that cultural capital in various forms is the determining variable in building good neighbourly relations This work breaks new ground by offering a conceptual integration of different mutually interdependent forms of capital intercultural capital cross cultural social capital and multicultural capital These forms of capital are linked to different educational and cultural policies of the state as well as to civil society involvement at different levels of implementation Grounded in extensive fieldwork the book not only provides critical insights into neighbourly relations in culturally diverse border regions of East Central Europe but the concept developed through a rich theoretical base can be usefully adapted and widely applied to other contexts Scholars and graduate level students in geography international relations political science social anthropology and sociology as well as policy practitioners with an interest in the negotiation of coexistence minority issues and social and political cohesion in multicultural societies will find this an illuminating read *The Czecho-Slovaks in America* Kenneth Dexter Miller, 1922

Cultural Mediation in Language Learning and Teaching Geneviève Zarate, Council of Europe, European Centre for Modern Languages, 2004-01-01 This project attempts to tackle several challenges to experience the variety of different teaching cultures as a source of innovation rather than as an obstacle to adopt a pluridisciplinary approach by introducing references taken from the social sciences in order to develop reflection on the role of languages in social cohesion to try and provide answers to a question hitherto rarely raised in the didactics of languages and cultures namely the place of cultural mediation itself CoE website

Defending French in Flanders, 1873-1974 David J. Hensley, 2023-12-28 This book examines the efforts of the French speaking minority in Flanders Belgium to maintain a legal and social presence of the French language in Flemish public life Chronologically the study is bookended by two developments almost exactly a century apart In 1873 the first laws were passed which required the use of Dutch in some aspects of public administration in Flanders challenging the de facto use of French among the Flemish ruling class One hundred and one years later the last French daily newspaper in Flanders collapsed marking the end of a once vibrant French language public sphere in Flanders The author contends that the methods and arguments by which French speakers defended the role of French in Flemish public life changed along with the social and political situation of this minority As the Flemish movement grew over the course of the twentieth century French speakers appeals to the free choice of language lost traction and they put forward claims that they represented an ethnolinguistic minority who deserved protection for their mother tongue Providing new insights for scholars of European history and in conversation with the literature on liberalism national identity and Francophonie this book demonstrates how the debate over the role of French in Flanders was at the center of Belgium's ethnolinguistic conflict the repercussions of which continue to be felt to this day *Contact Linguistics* Carol Myers-Scotton, 2002 Contact linguistics provides an account of contact outcome theories including the author's own It has coursebook potential for advanced undergraduates

and graduates *Primary Languages: Effective Learning and Teaching* Cynthia Martin, 2008-10-16 Primary languages are to be an entitlement for all pupils in KS2 from 2010 There is therefore a need to ensure that trainee primary teachers are equipped with the required skills knowledge and understanding to contribute to this process This book supports specialists and also non specialist trainees with an interest in MFL who may need to deliver languages across the curriculum providing them with a clear understanding of the methodology and helping them to develop linguistic competence and confidence

Assessing Multilingual Children Sharon Armon-Lotem, Jan de Jong (professore universitario.), Natalia Meir, 2015 Second language learners often produce language forms resembling those of children with Specific Language Impairment SLI At present professionals working in language assessment and education have only limited diagnostic instruments to distinguish language impaired migrant children from those who will eventually catch up with their monolingual peers This book presents a comprehensive set of tools for assessing the linguistic abilities of bilingual children It aims to disentangle effects of bilingualism from those of SLI making use of both models of bilingualism and models of language impairment The book's methods oriented focus will make it an essential handbook for practitioners who look for measures which could be adapted to a variety of languages in diverse communities as well as academic researchers **Learning to Read across Languages**

and Writing Systems Ludo Th Verhoeven, Ludo Verhoeven, Charles Perfetti, 2017-10-12 This book examines how children learn to read across seventeen languages and their orthographies Each chapter discusses a different language in terms of its writing system reading development and implications for education The editors comprehensive introduction frames the key issues and the final chapter draws conclusions across the seventeen languages **Language Ideologies, Policies and**

Practices C. Mar-Molinero, P. Stevenson, 2016-01-13 The contributors to *Language Ideologies Policies and Practices* investigate the workings of language ideologies in relation to other social processes in a globalizing world They explore in detail the specific ways in which language ideologies underpin language policy and the relationship between public policies and individual practices Particular attention is given to Europe where the impetus to social transformation within and across national boundaries is in renewed tension with conflicting national and supra national interests with these tensions reflected in the complex issues of language choice and language policy *Sociolinguistic Studies in Language Contact* William

Mackey, Jacob Ornstein, 2011-07-22 *TRENDS IN LINGUISTICS* is a series of books that open new perspectives in our understanding of language The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science *TRENDS IN LINGUISTICS* considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language *TRENDS IN LINGUISTICS* publishes monographs and

outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints High quality standards are ensured through anonymous reviewing
