The Adult Learner Malcolm S. Knowles, Elwood F. Holton III, Richard A. Swanson, 2014-12-05. How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles's pioneering theory of andragogy, which transformed education theory in the 1970s. The resulting principles of a self directed, experiential, problem centered approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. This eighth edition has been thoughtfully updated in terms of structure, content, and style. On top of this online material and added chapter level reflection questions, make this classic text more accessible than ever. The new edition includes two new chapters: Neuroscience and Andragogy, and Information Technology and Learning. Updates throughout the book reflect the very latest advancements in the field. A companion website with instructor aids for each chapter. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning that you should not be without.

Turning Training into Learning Sheila W. Furjanic, Laurie A. Trotman, 2000-03-01. Just as you can lead a horse to water but it won't necessarily drink, so you can give an employee training but he may not actually learn. Unless, of course, the trainer uses this insightful new book. *Turning Training into Learning* provides a specific, tested method for making sure training equals real learning. Written for anyone who must train others, this step by step guide shows exactly how to create a program that engages trainees and ensures that they remember and use what they've learned when they get back to work. Readers learn how to: Analyze exactly what a particular trainee needs; Establish a safe environment where questions are welcomed; Demonstrate to learners why the training is relevant to them; Understand the process by which adults learn; Place real learning within the context of the traditional training cycle; assessment, design, delivery, and evaluation.

Barbazette,2013-04-17 Now you can access Jean Barbazette's systematic process for creating winning training materials that will help raise your skills to the next level. The book is filled with easy-to-use tools and templates that answer all the questions trainers, course designers, and subject matter experts (SMEs) have about what it takes to develop training materials and how they can easily create the best training program in the shortest amount of time. Jean is a master at providing her readers with new ideas and innovative approaches to the art of delivering excellent learning solutions. Our field has gone through so many changes, and Jean is on top of them and out in front of all at the same time. Bravo, Beverly Kaye, founder, chairman of the board, Career Systems International, and coauthor of *Help Them Grow or Watch Them Go*. Barbazette has done it again; she has made your job easier with step-by-step guidelines for developing training materials. Jean covers the entire process in her typical easy-to-follow manner, simplifying the complicated and making you the hero. Don't miss this one. Elaine Biech, ebb associates inc, and author of *The Business of Consulting*. Once again, master trainer Barbazette has provided an elegantly simple step-by-step guide to what can often be the most tedious part of the training process: writing training materials that support and expand a learner's results. Both seasoned professionals and newcomers will find this an easy-to-follow guide and a valuable resource to be used over and over. Eileen McDargh, president, McDargh Communications, and author of *Talk Ain't Cheap*. It's Priceless. Barbazette is back to fill another gap in the training literature. This extensive work on how and when to write training materials is chock full of templates and other tools. Systematic and thorough, this is an exceptional guide for those wanting to efficiently create successful training interventions. Jane Bozarth, Ed.D., eLearning Coordinator, State of North Carolina, and author of *Better Than Bullet Points*. *Built to Learn*. Cliff Purington, Chris Butler, Sarah Fister Gale, 2003-06-01. Aerospace giant Rockwell Collins typified the old-fashioned corporate approach to organizational learning: lackluster offerings in bland classroom settings with little connection to the needs of employees or the goals of the company. Enter Cliff Purington and Chris Butler, who in three years transformed Rockwell into a full-fledged learning organization. With a strategy-based and technology-driven learning approach, a 400 percent increase in offerings, 24/7 access for 17,000 worldwide employees, and cost savings of 23 million, Rockwell is lauded and emulated by organizations all over the world. For this vital book, Purington and Butler have organized their revolutionary approach into 10 clear steps that can similarly transform any company. Readers will learn new ways to build relationships, define core learning objectives, present a solid business case, and implement programs, and assess their value. Each step offers detailed processes to follow and explains what worked and what didn't, revealing the secrets behind Rockwell's stunning transformation. **Rapid Instructional Design**. George M.
