Establishment Appropriation Bill United States. Congress. Senate. Subcommittee on the Legislative Branch, 1996 *Stalin's War* Sean McMeekin, 2021-04-20 A prize winning historian reveals how Stalin not Hitler was the animating force of World War II in this major new history World War II endures in the popular imagination as a heroic struggle between good and evil with villainous Hitler driving its events But Hitler was not in power when the conflict erupted in Asia and he was certainly dead before it ended His armies did not fight in multiple theaters his empire did not span the Eurasian continent and he did not inherit any of the spoils of war That

central role belonged to Joseph Stalin The Second World War was not Hitler s war it was Stalin s war Drawing on ambitious new research in Soviet European and US archives Stalin s War revolutionizes our understanding of this global conflict by moving its epicenter to the east Hitler s genocidal ambition may have helped unleash Armageddon but as McMeekin shows the war which emerged in Europe in September 1939 was the one Stalin wanted not Hitler So too did the Pacific war of 1941-1945 fulfill Stalin s goal of unleashing a devastating war of attrition between Japan and the Anglo Saxon capitalist powers he viewed as his ultimate adversary McMeekin also reveals the extent to which Soviet Communism was rescued by the US and Britain s self defeating strategic moves beginning with Lend Lease aid as American and British supply boards agreed almost blindly to every Soviet demand Stalin s war machine McMeekin shows was substantially reliant on American material from warplanes tanks trucks jeeps motorcycles fuel ammunition and explosives to industrial inputs and technology transfer to the foodstuffs which fed the Red Army This unreciprocated American generosity gave Stalin s armies the mobile striking power to conquer most of Eurasia from Berlin to Beijing for Communism A groundbreaking reassessment of the Second World War Stalin s War is essential reading for anyone looking to understand the current world order **American Motorcyclist**

Berlin Battlefield Guide Tony Le Tissier,2014-05-07 A comprehensive look at World War II battle sites in the German capital On April 16 1945 the Red Army unleashed a colossal offensive against Berlin with the aim of destroying Hitler s armies in the East and capturing the German capital before the Western Allies Over two million soldiers confronted each other in the last act in the war against Nazi Germany In the course of the next three weeks relentless Soviet assaults crashed against a desperate sometimes suicidal defense and the historic city was turned into a vast battleground This was the climax of an awful conflict It represented the death struggle of Hitler s Third Reich and the supreme achievement of Stalin s forces and the story of the battle has fascinated students of warfare ever since Yet this epic contest can only be understood by visiting the sites of the battle on the ground on the outskirts of the city in the suburbs in the city center where the final dramatic combat took place And this is the aim of Tony Le Tissier s definitive guide to the Battle of Berlin **Death Was Our Companion** Tony Le Tissier,2021-12-30 As Hitler s dreams of a Thousand Year Reich crumbled in the face of overwhelming assaults from both East and West in the first months of 1945 the heavily outnumbered German armed forces were still capable of fighting with a tenacity and professionalism at odds with the desperate circumstances While Hitler fantasized about deploying divisions and armies that had long since ceased to exist boys of fifteen officer cadets sailors and veterans of the Great War joined the survivors of shattered formations on the front line Leading historian Tony Le Tissier gives a German perspective to the mayhem and bloodshed of the last months of the Second World War in Europe

Teenaged Flak auxiliaries recount their experiences alongside veteran Panzergrenadiers attempting to break out of Soviet encirclement Struggles between the military industry and the Nazi Party for influence over the defenders of Berlin contrast with a key participant s account of Goebbels abortive attempt to conclude a cease fire with the Soviets This is fascinating reading for anybody interested in the ordinary soldier s experience of the culminating battles in central Europe in 1945
