Leaves Of Grass The Original 1855 Edition Dover Thrift Editions:

Leaves of Grass Walt Whitman, 2012-03-01 Whitman's immortal collection includes some of the greatest poems of modern times including his masterpiece *Song of Myself*. Shattering standard conventions it stands as an unabashed celebration of body and nature.

A New Companion to Herman Melville Wyn Kelley, Christopher Ohge, 2022-08-16 Discover a fascinating new set of perspectives on the life and work of Herman Melville. *A New Companion to Herman Melville* delivers an insightful examination of Melville for the twenty-first century. Building on the success of the first Blackwell Companion to Herman Melville and offering a variety of tools for reading, writing, and teaching Melville and other authors, this New Companion offers critical, technological, and aesthetic practices that can be employed to read Melville in exciting and revelatory ways. Editors Wyn Kelley and Christopher Ohge create a framework that reflects a pluralistic model for humanities teaching and research. In doing so, the contributing authors highlight the ways in which Melville himself was concerned with the utility of tools within fluid circuits of meaning and how those ideas are embodied, enacted, and mediated. In addition to considering critical theories of race, gender, sexuality, religion, transatlantic and hemispheric studies, digital humanities, book history, neurodiversity, and new biography and reception studies, this book offers a thorough introduction to the life of Melville as well as the twentieth and twenty-first century revivals of his work. Comprehensive explorations of Melville's works including *Moby-Dick*, *Pierre*, *Piazza Tales*, and *Israel Potter* as well as his poems and poetic masterpiece *Clarel*. Practical discussions of material books, print culture, and digital technologies as applied to Melville. In-depth examinations of Melville's treatment of the natural world. Two symposium sections with concise reflections on art and adaptation and on teaching and public engagement. *A New Companion to Herman Melville* provides essential reading for scholars and students ranging from undergraduate and graduate students to more advanced scholars and specialists in the field.

Arms and the Man Bernard Shaw, 1990 A dramatic comedy combines high comedy with social commentary in deflating misconceptions about love and warfare.

The Heroic Slave Frederick Douglass, 2019-01-01 Famed abolitionist Frederick Douglass based his only fictional work on the gripping true story of the biggest slave rebellion in U.S. history. *The Heroic Slave* was inspired by a courageous uprising led by Madison Washington in 1841. Washington rallied 18 of the 135 slaves aboard a ship bound for New Orleans, the country's primary slave trading market. The mutineers seized control, landing the ship in the British-controlled Bahamas where their freedom was recognized. Originally published nearly a decade before the Civil War, Douglass's novella was one of the earliest examples of African American fiction. Douglass presents Madison Washington's heroism less as a matter of violent escape and more as a voluntary act of claiming self-ownership. Douglass's retelling encouraged readers to engage in the abolitionist cause. It captivated readers by equating black slaves' rebellion against tyranny with the spirit and democratic ideals of the American Revolution.
