Wonder Frank C. Keil, 2022-03-01 How we can all be lifelong wonderers restoring the sense of joy in discovery we felt as children From an early age children pepper adults with questions that ask why and how Why do balloons float How do plants grow from seeds Why do birds have feathers Young children have a powerful drive to learn about their world wanting to know not just what something is but also how it got to be that way and how it works Most adults on the other hand have little curiosity about whys and hows we might unlock a door for example or boil an egg with no idea of what happens to make such a thing possible How can grown ups recapture a child s sense of wonder at the world In this book Frank Keil describes the cognitive dispositions that set children on their paths of discovery and explains how we can all become lifelong wonderers Keil describes recent research on children s minds that reveals an extraordinary set of emerging abilities that underpin their joy of discovery their need to learn not just the facts but the underlying causal patterns at the very heart of science This glorious sense of wonder however is stifled beginning in elementary school Later with little interest in causal mechanisms and motivated by intellectual blind spots as adults we become vulnerable to misinformation and manipulation ready to believe things that aren t true Of course the polymaths among us have retained their sense of wonder and Keil explains the habits of mind and ways of wondering that allow them and can enable us to experience the joy of asking why and how

Fun in the Sun Larry D. Sledge,2011-06-22 Someone has said that Youth is not a matter of age but rather a state of mind It is for that reason I have sought to write a book to be enjoyed by youth of all ages from thirteen to one hundred Some of us have just been young longer than others I have known some who were old at seventeen and others who stayed young in their eighties My wife and I hope to stay young the rest of our lives and one of the best ways we have found to keep a youthful view of life is to invest time with young people Notice I said invest not spend as time with youth is an investment in the future not something that is spent and all gone Over the years God has given us many opportunities to be with youth in several churches and in differing communities We have always sought to accept all youth as persons without always approving their actions We have had many hours of fun and fellowship together as well as those serious moments when great decisions have been made in the very presence of God As they have been left free to be themselves even with the freedom to make mistakes they have grown at their own unique pace and in God s own time May the reading of these pages help you to see real Christianity not as a negative approach to life but as a joyous celebration To that end we open our hearts to share with you these personal vignettes which have formed our spiritual diary over the years We have discovered together that truly there is Fun in the Sun
