Tony Perrottet,2019-01-22 The surprising story of Che Guevara Fidel Castro and the scrappy band of rebel men and women who followed them Most people are familiar with the basics of the Cuban Revolution of 1956 1959 it was led by two of the twentieth century s most charismatic figures Fidel Castro and Che Guevara it successfully overthrew the island nation s US backed dictator and it quickly went awry under Fidel s rule But less is remembered about the amateur nature of the movement or the lives of its players In this wildly entertaining and meticulously researched account historian and journalist Tony Perrottet unravels the human drama behind history s most improbable revolution a scruffy handful of self taught revolutionaries many of them kids just out of college literature majors and art students and including a number of extraordinary women who defeated 40 000 professional soldiers to overthrow the dictatorship of Fulgencio Batista Cuba Libre s deep dive into the revolution reveals fascinating details How did Fidel s highly organized lover Celia S nchez whip the male guerrillas into shape Who were the two dozen American volunteers who joined the Cuban rebels How do you make land mines from condensed milk cans or for that matter cook chorizo la guerrilla sausage guerrilla style Cuba Libre is an absorbing look back at a liberation movement that captured the world s imagination with its spectacular drama foolhardy
