

MBA SCHOLARSHIP ESSAY

In the modern media, immigrant – working class women are oftentimes depicted as conniving, uneducated and inarticulate. However, my life as a graduate student and as a working woman from the Philippines who has already started supporting herself since 18 presents a different overall experience. As a young child, I observed my parents become slaves to work in menial jobs just to pay for rent for a single bedroom apartment. The daily struggles and work ethic of my parents serve as my personal inspiration to work harder in order to achieve a meaningful and relevant profession and education, with the aim of becoming the very first in my family to achieve a graduate degree.

With the encouragement of my parents, I graduated cum laude at AA University with a double major in Asian American Studies and Psychology, with a minor in Education. During my four years at AA University, I received the Honor's List five times. I was also a recipient of the AA University Chancellor Service Award, and several other awards. I was also recognized after spearheading a special project which sought to help the urban, poor and undeserved community. That project allowed us to mentor and tutor children of immigrant workers who attend evening classes four times a week.

Without any good source of income for the upcoming academic year, it will be very difficult for me to continue with my graduate work. This scholarship will certainly give me the peace of mind, as well as the security that I will be able to manage my utilities, rent, transportation, as well as book expenses. This scholarship will also allow me to focus on reaching my GPA target, and do other things. I believe that the selection committee will offer me the kind of support that I need at this point in order to continue with my studies.
