The books contain a large number of worked-out examples, illustrations, illustrative questions, numerical problems, figures, tables and graphs.

**How It Is** V. F. Cordova, 2007-12-06 Viola Cordova was the first Native American woman to receive a PhD in philosophy. Even as she became an expert on canonical works of traditional Western philosophy, she devoted herself to defining a Native American philosophy. Although she passed away before she could complete her life's work, some of her colleagues have organized her pioneering contributions into this provocative book. In three parts, Cordova sets out a complete Native American philosophy. First she explains her own understanding of the nature of reality itself—the origins of the world, the relation of matter and spirit, the nature of time, and the roles of culture and language in understanding all of these. She then turns to our role as residents of the Earth, arguing that we become human as we deepen our relation to our people and to our places, and as we understand the responsibilities that grow from those relationships. In the final section, she calls for a new reverence in a world where there is no distinction between the sacred and the mundane. Cordova clearly contrasts Native American beliefs with the traditions of the Enlightenment and Christianized Europeans (what she calls “Euroman” philosophy). By doing so, she leads her readers into a deeper understanding of both traditions and encourages us to question any view that claims a singular truth. From these essays—which are lucid, insightful, frequently funny, and occasionally angry—we receive a powerful new vision of how we can live with respect, reciprocity, and joy.

**The Inheritance of Orquídea Divina** Zoraida Córdova,2021-09-07 NATIONAL BESTSELLER Perfect for fans of Alice Hoffman, Isabel Allende, and Sarah Addison Allen, a family searches for the truth hidden in their past in this “expertly woven tale of family power, threaded with as much mystery as magic” (V.E. Schwab, #1 New York Times bestselling author). The Montoyas are used to a life without explanations. They know better than to ask why the pantry never seems to run low, or why their matriarch won’t ever leave their home in Four Rivers—not for graduations, weddings, or baptisms. But when Orquídea Divina invites them to her funeral and to collect their inheritance, they hope to learn the secrets that she has held onto so tightly their whole lives. Instead, Orquídea is transformed into a ceiba tree, leaving them with more questions than answers. Seven years later, her gifts have manifested in different ways for Marimar, Rey, and Rhiannon, granting them unexpected blessings and powers. But soon, a hidden figure begins to tear through their family tree, picking them off one by one as it seeks to destroy Orquídea’s line. Determined to save what’s left of their family and uncover the truth behind their inheritance, her descendants travel to Ecuador—to the place where Orquídea buried her secrets and broken promises and never looked back. Alternating between Orquídea’s past and her descendants’ present, *The Inheritance of Orquídea Divina* is a “spellbinding tale, both timeless and fresh, that will stay with you long after you’ve turned the last page. Prepare to fall in love” (Kim Liggett, New York Times bestselling author).

**I Choose To Try Again** Elizabeth Estrada,2021-06-10 In this rhyming story, Kiara learns how to keep going even when things get too hard. Through colorful illustrations and rhythmic rhymes, Kiara reflects on her mistakes and realizes that mistakes help her grow. Instead of avoiding them, she learns from them so she can improve. Do you want your child to learn about perseverance and diligence? Your child will learn how easy it is to get back up after failing. *I Choose to Try Again* is a story with social emotional learning (SEL) in mind. It has been praised by teachers and therapists worldwide. This story told from Kiara's point of view will help open your child's mind to what it feels like to fail, and then try again. Kiara will teach your child how to be mentally strong. With Kiara in real life examples, your child will learn to develop their understanding of their own emotions. Throughout the story, Kiara will show you what perseverance looks like. *Teacher and Therapist Toolbox: I Choose* is an empowering series curated to empower young children to become aware of big emotions. A new book series developed in tandem with teachers and therapists to help children cope with a range of emotions and teach them that they indeed hold the power to choose their actions and reactions. Try not to say 'never.'. That brainwashes you to fail. It means that you won't have the chance To raise the victory sail. *I Choose to Try Again* was developed alongside counselors and parents to be used as a resource in a social emotional curriculum.

International Encyclopedia of Education ,2009-04-17 The field of education has experienced extraordinary technological, societal, and institutional change in recent years, making it one of the most fascinating yet complex fields of study in social science. Unequaled in its combination of authoritative scholarship and comprehensive coverage, International Encyclopedia of Education, Third Edition succeeds two highly successful previous editions (1985, 1994) in aiming to encapsulate research in this vibrant field for the twenty-first century reader. Under development for five years, this work encompasses over 1,000 articles across 24 individual areas of coverage, and is expected to become the dominant resource in the field. Education is a multidisciplinary and international field drawing on a wide range of social sciences and humanities disciplines, and this new edition comprehensively matches this diversity. The diverse background and multidisciplinary subject coverage of the Editorial Board ensure a balanced and objective academic framework, with 1,500 contributors representing over 100 countries, capturing a complete portrait of this evolving field. A totally new work, revamped with a wholly new editorial board, structure and brand-new list of meta-sections and articles Developed by an international panel of editors and authors drawn from senior academia Web-enhanced with supplementary multimedia audio and video files, hotlinked to relevant references and sources for further study Incorporates ca. 1,350 articles, with timely coverage of such topics as technology and learning, demography and social change, globalization, and adult learning, to name a few Offers two content delivery options - print and online - the latter of which provides anytime, anywhere access for multiple users and superior search functionality via ScienceDirect, as well as multimedia content, including audio and video files

**Educational Psychology Australian Edition** Anita Woolfolk,Kay Margetts,2012-07-25 Learning and teaching is an integrated process, and theory and practice cannot be separated. As in the previous Australasian edition, Educational Psychology 3e continues to emphasise the educational implications and applications of child development, cognitive science, learning and teaching. Recurring themes throughout the text include ideas about education; social and socio-cultural aspects of education; schools, families and community; development, learning and curriculum; and effective teaching. Author Kay Margetts incorporates Australasian perspectives and applications using the work of Australasian researchers and teachers. Numerous examples, case studies, guidelines and practical tips from experienced teachers are used in the text to explore the connections between knowledge, understanding and practice.
