The Jewish Publication Society of America, 25th Anniversary, April 5th and 6th, 1913, Philadelphia Jewish Publication Society of America, 1913 **Vocabulary and syntax of the old English version in the Paris psalter** John Douglas Tinkler, 2017-12-04 No detailed description available for Vocabulary and syntax of the old English version in the Paris psalter

The Irish Franciscans in Prague 1629-1786 Jan Pařez, Hedvika Kuchařová, 2015-03-01 At the end of the sixteenth century Queen Elizabeth I forced the Irish Franciscans into exile Of the four continental provinces to which the Irish Franciscans fled the Prague Franciscan College of the Immaculate Conception of the Virgin Mary was the largest in its time This monograph documents this intense point of contact between two small European lands Ireland and Bohemia The Irish exiles changed the course of Bohemian history in significant ways both positive the Irish students and teachers of medicine who contributed to Bohemia's culture and sciences and negative the Irish officers who participated in the murder of Albrecht of Valdtejn and their successors who served in the Imperial forces Dealing with a hitherto largely neglected theme Pařez and Kucharov attempt to place the Franciscan College within Bohemian history and to document the activities of its members This wealth of historical material from the Czech archives presented in English for the first time will be of great aid for international researchers particularly those interested in Bohemia or the Irish diaspora **Eliot's Dark Angel** Ronald Schuchard, 2001 Schuchard's critical study shows how Eliot's personal voice works through the sordid the bawdy the blasphemous and the horrific to create a moral world and the only theory of moral criticism in English literature The book also erodes conventional attitudes toward Eliot's intellectual and spiritual development [The American Law Journal](#), 1849

Joseph Conrad David J. Supino, 2022-08-13 David J. Supino traces in unprecedented detail the lineaments of Joseph Conrad's authorial career and the fortunes and misfortunes of his publishers on both sides of the Atlantic This work is a model of the integrative scholarly method combining close bibliographical scrutiny of particular textual artifacts with archival recovery of book historical information in as much detail as the surviving documents allow The book is essential reading not only for students of Conrad but also for all those who wish to understand the publishing history of this era

Evaluation and Translation Carol Maier, 2014-04-23 The definition of value or quality with respect to work in translation has historically been a particularly vexed issue Today however the growing demand for translations in such fields as technology and business and the increased scrutiny of translators' work by scholars in many disciplines is giving rise to a need for more nuanced more specialized and more explicit methods of determining value Some refer to this determination as evaluation others use the term assessment Either way the question is one of measurement and judgement which are always unavoidably subjective and frequently rest on criteria that are not overtly expressed This means that devising more complex evaluative practices involves not only quantitative techniques but also an exploration of the attitudes preferences or individual values on which criteria are established Intended as an interrogation and a critique that can serve to prompt a

more thorough and open consideration of evaluative criteria this special issue of *The Translator* offers examinations of diverse evaluative practices and contains both empirical and hermeneutic work Topics addressed include the evaluation of student translations using more up to date and positive methods such as those employed in corpus studies the translation of non standard language translation into the second language terminology the application of theoretical criteria to practice a social textual perspective and the reviewing of literary translations in the press In addition reviews by a number of literary translators discuss specific translations both into and out of English

Supplement to Encyclopædia Britannica (ninth Edition) ,1891 **Catalogue of the Printed Books in the Library of the Faculty of Advocates** ,1867 **A Treatise on the Diseases of Infancy and Childhood** Job Lewis Smith,1890 *Our Day* Joseph Cook,Hazlitt Alva Cuppy,1890

The stranger's handbook to places worth seeing in London ,1862 *The Nag Hammadi Story (2 vols.)* James M. Robinson,2014-06-05 The Nag Hammadi Story is not a history of research in the usual sense of a Forschungsbericht which would report on the massive amount of scholarship that has been devoted to the content of the Nag Hammadi Codices for more than a half century Rather it is a socio historical narration of just what went on during the thirty two years from their discovery late in 1945 via their initial trafficking and then the attempts to monopolize them until finally through the intervention of UNESCO the whole collection of thirteen Codices was published in facsimiles and in English translation both completed late in 1977 *Proceedings, American Philosophical Society (vol. 97, no. 5)* , **India Rubber World and Electrical Trades Review** ,1927 *Literature, Geography, Translation* Stefan Helgesson,2011-05-25 The present volume connects three academic fields that share central concerns but remain surprisingly isolated from each other world literature studies postcolonial studies and translation studies It approaches translation not as a vague metaphor but as a distinct and socially embedded practice that connects literatures In similar vein it interrogates the smoothness of many versions of global theory by insisting on the specificity of place and the resistance to translatability among languages oeuvres and genres The topics covered in the chapters include the formation of world literature as a programme of study the French concept of *littérature mondiale* the rise of English in nineteenth century Sweden the translation of Arabic literature in Europe and the transnationalism of the avant garde Through such case studies and by drawing on the theoretical frameworks of douard Glissant Pierre Bourdieu and David Damrosch among others the international group of contributors add substantially to the theoretical and methodological consolidation of world literature as a field of research **Mrs Dalloway** Mark

Hussey,2025-05-13 The first book in the Biography of a novel series offers a compelling account of Virginia Woolf s masterpiece The fourth and best known of Virginia Woolf s novels *Mrs Dalloway* is a modernist masterpiece that has remained popular since its publication in 1925 Its dual narratives follow a day in the life of wealthy housewife Clarissa Dalloway and shell shocked war veteran Septimus Warren Smith capturing their inner worlds with a vividness that has rarely been equalled *Mrs Dalloway Biography of a novel* offers new readers a lively introduction to this enduring classic while

providing Woolf lovers with a wealth of information about the novel's writing, publication and reception. It follows Woolf's process from the first stirrings in her diary through her struggles to create what was quickly recognised as a major advance in prose fiction. It then traces the novel's remarkable legacy to the present day. Woolf wrote in her diary that she wanted her novel to give life, death, sanity, insanity, to criticise the social system, to show it at work at its most intense. Mrs Dalloway Biography of a novel reveals how she achieved this ambition, creating a book that will be read by generations to come. **A**

Scientist Looks at Religion George Bernard Whatmore, 2003-10 **The Oxford Guide to Literature in English Translation** Peter France, 2000. This guide highlights the place of translation in our culture, encouraging awareness of the process of translating and the choices involved, making the translator more visible. Concentrating on major writers and works, it covers translations out of many languages from Greek to Hungarian, Korean to Turkish. For some works, e.g. Virgil's Aeneid, which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. *Norton's Literary Gazette and Publishers' Circular*, 1855
