Refer to the following speaker positioning diagram. All 5 satellites should be approximately the same distance from your listening position.

- Place center speaker either directly above or below your TV screen.
- Place front left and right speakers to the left and right of TV at approximately the same height as the center speaker.
- Place rear left and right speakers either in line with, or behind your listening position, at ear level, or slightly above, when seated.
- Place subwoofer on the floor in front of the room, either next to TV or in the corner, facing your listening position.

Note: Remote must be pointed at the front of the player to operate properly.
- Insert DVD movie disc in tray with printed side facing up. Press **OPEN/CLOSE** button to close the disc tray. Player will read the disc and display shows **LOADING**.
