

How to Cast a Spinning Reel

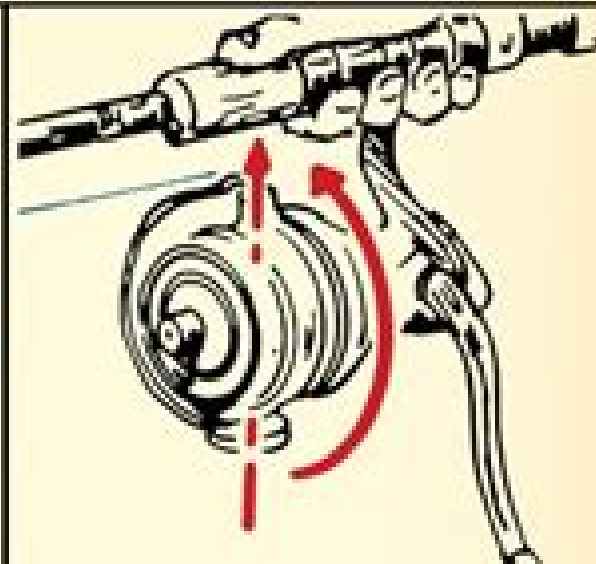

The Art of
MANLINESS
— 8 —

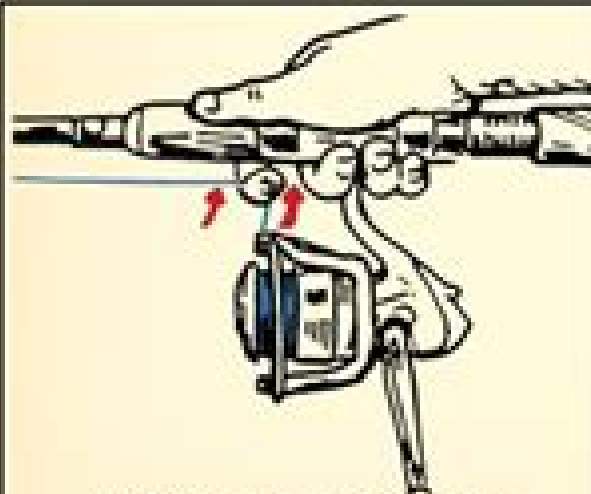

1. Grip the rod in your dominant hand and hold it horizontal, so the reel is below the rod, facing the ground.

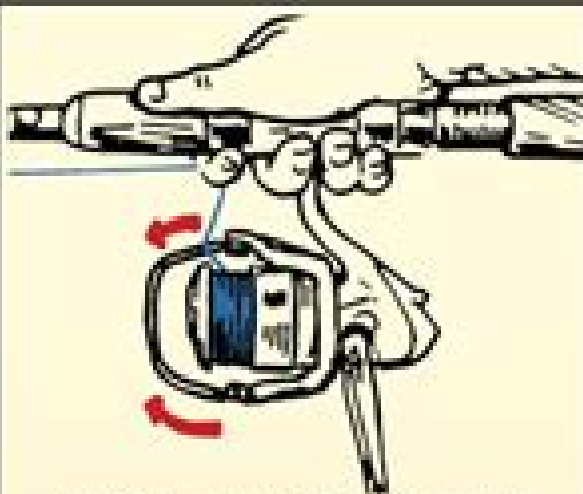

2. Reel in your line slowly, until you have 6-12" of line hanging off the tip off your rod.

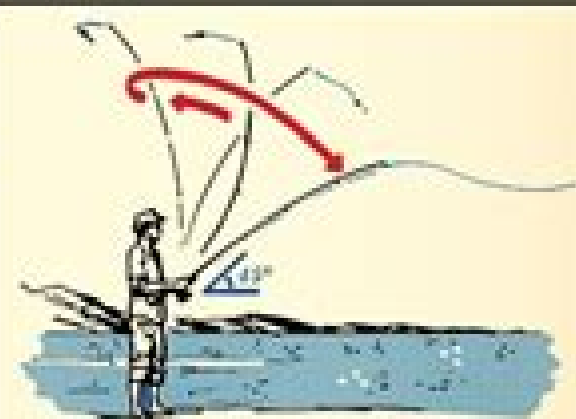

3. Align the line roller with your rod.

4. Pull the line off the roller with your index finger, holding it against the rod's grip.

5. While maintaining your grip, use your free non-dominant hand to flip the reel's bail up.

6. Bring the rod back up over your head just past vertical, and then use a forward throwing motion, releasing the line with your index finger as your arm is at 45 degrees.

Fishing Spinning Guide
