Full Version Lee Kuan Yew From Third World To First:

The Rule of Law in Singapore Li-ann Thio, 2025-01-09 This book examines the operation of the rule of law in the non liberal democracy of Singapore The rule of law in Singapore has been both lauded for anchoring efficient and effective government and lambasted for being procedural and statist 21st century Singapore has experienced modest political liberalisation manifesting a paternal democracy where the governor governed relationship is evolving from a father knows best paternalistic mindset to a more consultative approach to governance where dialogue rather than diktat is the norm in a post deferential era The Singapore case study helps pluralise the rule of law as a universal principle which moderates power and may be variously implemented The book examines the reception of the rule of law within the Singapore legal order and how it interacts with constitutional principles like the separation of powers and democracy in the design of constitutional institutions and forging of structural and rights oriented judicial review It considers how the rule of law contoured by legal communitarianism sustains a managed democracy in relation to legislation governing internal security public assemblies religious harmony and online falsehoods It questions whether the chilling of political speech by strict laws on political defamation and contempt of court has been significantly defrosted by important developments which seek ordered liberty through a more calibrated form of review Lucid and engaging this book will be of interest to researchers working in constitutional law

Singapore: A Biography Mark Ravinder Frost, Yu-Mei Balasingamchow, 2013-02-26 From the Publisher Singapore A Biography takes you there to those critical moments in the island s past as captured through the personal accounts of people who actually lived through them Encounter violent unrest on the city s streets the jostling down its corridors of power the high life of its up and coming elites and the daily struggles of existence that lay beyond its five foot ways in an epic drama that stretches back over seven centuries Grounded in scholarship yet fired by the imagination this book tells a new Singapore story one more dramatic complex and engrossing than you might expect Singapore was not always the orderly and successful city state that it appears to be now Over the last seven centuries the island has undergone several changes of identity In this entertaining and wide ranging account drawn from research undertaken in collaboration with the National Museum of Singapore Mark Ravinder Frost and Yu Mei Balasingamchow present Singapore s mercurial life story as experienced by the people who participated in it Singapore A Biography brings together a Ming dynasty travelogue 19th century memoirs and correspondence modern oral histories and even radio and television broadcasts to reconnect a contemporary audience with the Singapore story While famous names from Singapore s past take their place this new story also introduces a cast of lesser known though no less compelling historical personalities from dissenting poets and radical ideologues to patriotic factory workers and early feminists The portrait of Singapore that emerges is dashing lively and multi layered and it offers fresh insight into the ruptures and continuities that have made Singaporeans and their nation what they are today

Five Power Defence Arrangements FPDA an important security regional arrangement from its inception to the present from the perspectives of the five FPDA allies The book recounts the establishment of the FPDA in 1971 from the Anglo Malaysian Defence Agreement and its development in the first 20 years to the end of the Cold War in 1990 Based on declassified archival documents and secondary literature it explores how the FDPA has evolved and adapted to provide different benefits to each of its partners after the Cold War Ang contextualises the FPDA within existing scholarship and offers a glimpse into possible future trajectories A valuable resource for scholars students researchers and professionals interested in international history defence and security *Islamic Scholarship in Africa* Ousmane Kane,2021 Cutting edge research in the study of Islamic scholarship and its impact on the religious political economic and cultural history of Africa bridges the europhone non europhone knowledge divides to significantly advance decolonial thinking and extend the frontiers of social science research in Africa **Southeast Asian Affairs 2018** Malcolm Cook,Daljit Singh,2018-05-04 Southeast Asian Affairs first published in 1974 continues today to be required reading for not only scholars but the general public interested in in depth analysis of critical cultural economic and political issues in Southeast Asia In this annual review of the region renowned academics provide comprehensive and stimulating commentary that furthers understanding of not only the region s dynamism but also of its tensions and conflicts It is a must read Suchit Bunbongkarn Emeritus Professor Chulalongkorn University Now in its forty fifth edition Southeast Asian Affairs offers an indispensable guide to this fascinating region Lively analytical authoritative and accessible there is nothing comparable in quality or range to this series It is a must read for academics government officials the business community the media and anybody with an interest in contemporary Southeast Asia Drawing on its unparalleled network of researchers and commentators ISEAS is to be congratulated for producing this major contribution to our understanding of this diverse and fast changing region to a consistently high standard and in a timely manner Hal Hill H W Arndt Professor of Southeast Asian Economies Australian National University **Cultural Pragmatism for US-China Relations** Charles Chao Rong Phua,2022-10-25 The Thucydides trap and a US China face off are not structurally inevitable US China relations are what the US and China make of them Phua focuses on the ability to see US as US and China as China to trigger both countries cultural tendencies towards pragmatism Phua examines China s arduous journey to fit in the Westphalian system the deep cultural misunderstandings by the West of Sunzi s The Art of War and attempts to offer an inside out cultural synthesis of classical and modern Chinese thought as a proxy of their operational code beyond the standard clich s about Confucian and Daoist thought He builds on Jervis perception and misperception as well as Alastair Johnston s cultural realism Readers will benefit from a culturally Chinese western educated and politically neutral understanding of China as China An essential primer for academics practitioners and students of international relations diplomacy and Chinese culture *Singapore Politics Under the People's Action Party* Diane K. Mauzy,Robert Stephen Milne,2002 A comprehensive overview of politics in Singapore since self governance The authors examine how this

tiny island has developed into a global financial centre and an economic and social success under the leadership of the People's Action Party which has ruled continuously since 1959. The authors explore the nature of the Singaporean government as well as major issues such as ethnicity, human rights and the development of civil society.

The Ashgate Research Companion to Secession Peter Radan, 2016-03-23 Secession is a detachment of a territory from an existing state with the aim of creating a new state on the detached territory. Secession is usually an outcome of the political mobilization of a population on the territory to be detached and as a political phenomenon is a subject of study in the social sciences. Its impact on inter-state relations is a subject of study in international relations. But secession is also subject to regulation both in the constitutional law of sovereign states and in international law. Following a spate of secessions in the early 1990s, legal scholars have proposed a variety of ways to regulate the international responses to attempts at secessions. Moreover, since the 1980s, normative justification of secession has been subject to an intense debate among political theorists and moral philosophers. This research companion has the following three complementary aims: First, to offer an overview of the current theoretical approaches to secession in the social sciences, international relations, legal theory, political theory and applied ethics. Second, to outline the current practice of international recognition of secession and current domestic and international laws which regulate secession. Third, to offer an account of major secessionist movements past and present from a comparative perspective. In their accounts of past secessions and current secessionist movements, the contributors to this volume focus on the following four components: the nature and source of secessionist grievances; the ideologies and techniques of secessionist mobilization; the responses of the host state or majority parties in the host state; and the international response to attempts at secession. This provides a basis for identification of at least some common patterns in the otherwise highly varied processes of secession.

Litigating Climate Change in the Global South Jolene Lin, Jacqueline Peel, 2024-07-12 While climate change litigation in developed countries of the Global North is a well-studied phenomenon, from its distinctive characteristics and the contribution it is making to the implementation of international climate laws like the Paris Agreement, relatively few studies focus on climate case law emerging elsewhere. *Litigating Climate Change in the Global South* sheds light on emerging and accelerating climate litigation in developing countries across the three regions of Africa, Latin America and the Caribbean, and Asia and the Pacific. It is the first monograph-length work to provide a comprehensive assessment of this jurisprudence. Amid growing scholarly and policy interest in climate change litigation and its impact on international climate governance, the book examines which Global South countries are seeing climate cases, what is driving these trends, the coalitions of actors involved, and the early impacts this litigation is having on global goals of climate mitigation and adaptation.

Towards Strategic Pragmatism in Foreign Policy Charles Chao Rong Phua, 2021-10-31 What is pragmatism? Is it a means to an end or an end in itself? Is it antithetical to ideology or morality? Arguing that pragmatism is a skill much more than an attribute, Phua examines how viewing it in this way can help achieve

better foreign policy outcomes He examines and contrasts the ways in which the United States China and Singapore have incorporated pragmatism into their approaches to foreign policy In doing so he debunks dualistic myths around pragmatism and ideology and promotes the view of pragmatism as a skill that can be developed An essential primer for students analysts and policymakers with a fresh and practical approach to pragmatism
