Human Anatomy Laboratory Manual Eckel:

HUMAN ANATOMY LAB MANUAL Christine M. Eckel, 2017-02-13 **Lab Manual to accompany McKinley's Anatomy & Physiology Main Version** Michael McKinley, Dr., Valerie O'Loughlin, Theresa Bidle, 2021-01-27 Human anatomy and physiology is a complex yet fascinating subject and is perhaps one of the most personal subjects a student will encounter during his or her education. It is also a subject that can create concern for students because of the sheer volume of material and the misconception that it is all about memorization. The study of human anatomy and physiology really comes to life in the anatomy and physiology laboratory where students get hands on experience with human cadavers and bones, classroom models, preserved and fresh animal organs, histology slides of human tissues, and explore the process of scientific discovery through physiology experimentation. Yet most students are at a loss regarding how to approach the anatomy and physiology laboratory. For example, students are often given numerous lists of structures to identify, histology slides to view, and wet labs to conduct but are given comparatively little direction regarding how to recognize structures or how to relate what they encounter in the laboratory to the material presented in the lecture. In addition, most laboratory manuals on the market contain little more than material repeated from anatomy and physiology textbooks, which provides no real benefit to a student. This laboratory manual takes a very focused approach to the laboratory experience and provides students with tools to make the subject matter more relevant to their own bodies and to the world around them. Rather than providing a recap of material from classroom lectures and the main textbook for the course, this laboratory manual is much more of an interactive workbook for students, a how-to guide to learning human anatomy and physiology through touch, dissection, observation, experimentation, and critical thinking exercises. Students are guided to formulate a hypothesis about each experiment before beginning physiology exercises. Diagrams direct students in how to perform experiments and don't just show the end results. The text is written in a friendly conversational tone to put students at ease as they discover, organize, and understand the material presented in each chapter. Laboratory Manual Main Version for McKinley's Anatomy & Physiology Christine Eckel, Theresa Bidle, 2015-05-14 The study of human anatomy and physiology really comes to life in the anatomy and physiology laboratory where students get hands on experience with human cadavers and bones, classroom models, preserved and fresh animal organs, histology slides of human tissues, and learn the process of scientific discovery through physiology experimentation. This lab manual is intended to provide students with tools to make the subject matter more relevant to their own bodies and to the world around them. It is an interactive workbook for students, a how-to guide to learning human anatomy and physiology through touch, dissection, observation, experimentation, and critical thinking exercises. **Human Anatomy Laboratory Atlas** Christine M. Eckel, 2007-05 Human Anatomy Laboratory Manual by Christine Eckel is a hands-on learning tool designed to guide students through human anatomy concepts through observation, touch, dissection, and practical activities such as sketching, labeling, and coloring. Exquisite dissection photographs capture anatomical details and a

student friendly writing style uses relevant examples to engage students in concept application It focuses on human specimens and also includes common animal specimens such as cow eye sheep brain and sheep heart This manual was expressly written to supplement and expand upon content covered in the lecture course not to repeat it It accompanies McKinley O Loughlin Human Anatomy 2nd edition but is also a stand alone product that works well with any 1 semester human anatomy text **Human Anatomy Lab Manual** Eckel,1917-02-01 *Laboratory Manual Cat Version for*
