**Poetry in the Clinic** Alan Bleakley, Shane Neilson, 2021-12-30 This book explores previously unexamined overlaps between the poetic imagination and the medical mind It shows how appreciation of poetry can help us to engage with medicine in more intense ways based on de-familiarising old habits and bringing poetic forms of close reading to the clinic Bleakley and Neilson carry out an extensive critical examination of the well-established practices of narrative medicine to show that non-narrative lyrical poetry does different kind of work previously unexamined such as place eclipsing time They articulate a groundbreaking lyrical medicine that promotes aesthetic ethical and political practices as well as noting the often concealed metaphor cache of biomedicine Demonstrating that ambiguity is a key resource in both poetry and medicine the

authors anatomise poetic and medical practices as forms of extended and situated cognition grounded in close readings of singular contexts They illustrate structural correspondences between poetic diction and clinical thinking such as use of sound and metaphor This provocative examination of the meaningful overlap between poetic and clinical work is an essential read for researchers and practitioners interested in extending the reach of medical and health humanities narrative medicine medical education and English literature      *Kazakhstan* Paul Brummell,2008 Kazakhstan is vast the ninth largest country in the world yet there is relatively little information available in English about the attractions of this remarkable country With the Kazakh government seeking to promote the development of tourism publication of the Bradt guide is timely Located between Russia and China the state of Kazakhstan possesses an incredible diversity of natural beauty this guide includes arrangements for visiting natural parks and reserves and special features such as singing sand dunes and the Sharyn Canyon Asia s equivalent of the Grand Canyon Key historical and archaeological sites are also given due prominence Kazakhstan having been inhabited since the Stone Age      *Or Is That Just Me?* Richard Hammond,2009-12-10 More antics from the much loved TOP GEAR presenter and the No 1 bestselling author of ON THE EDGE There is I discovered a technique to performing a low rent comedy motorcycle jump with a bad hip joint following a low speed fall off a horse on to your wife s Land Rover keys More of the wry honest and often hilarious chronicles of Richard Hammond TV presenter adventurer and general drawer of the Short Straw Continuing where AS YOU DO left off OR IS THAT JUST ME focuses on just a few of the many hair raising stunts expeditions and encounters experienced by Richard Hammond over the last eventful year      **Anne Frank** **Silent Witnesses** Ronald Wilfred Jansen,2015-04-17 Ronald Wilfred Jansen visited Anne Frank s home addresses in Frankfurt am Main Aachen and Amsterdam her hiding place the Secret Annex and the Westerbork Auschwitz Birkenau and Bergen Belsen concentration camps where Anne Frank was imprisoned His book describes her history and the objects that today still remind us of the environment in which she lived His motivation for writing this book is that it was one of the last opportunities he would have to contact the people who knew Anne these people revealed some new facts about her and her world Other contemporaries of Anne Frank also contributed fascinating information about her surroundings By tracing her footsteps he gained a more complete picture of Anne Frank and her environment      **Anne Frank** Ronald Wilfred Jansen,2015-07-08 Ronald Wilfred Jansen visited Anne Frank s home addresses in Frankfurt am Main Aachen and Amsterdam her hiding place the Secret Annex and the Westerbork Auschwitz Birkenau and Bergen Belsen concentration camps where Anne Frank was imprisoned His book describes her history and the objects that today still remind us of the environment in which she lived His motivation for writing this book is that it was one of the last opportunities he would have to contact the people who knew Anne these people revealed some new facts about her and her world Other contemporaries of Anne Frank also contributed fascinating information about her surroundings By tracing her footsteps he gained a more complete picture of Anne Frank and her environment      **Effective Writing for Business, College, and Life** William Stanek,2010-02
