Thomsett,2020-01-02 The world of options is considered high risk by many At its original options treading in the modern era began in the early 1970s when the first listed calls were offered on a short list of companies a few years later put trading was added Since this time options trading

has become available on most companies on the large public exchanges However the high risk reputation of options has persisted through the years even as dozens of new and often conservative strategies have been introduced Today the best use of options is not to speculate on price movement but to hedge market risk in equity portfolios Many strategies can combine hedging with income establishing advantageous circumstances for risk averse traders It is possible to apply several strategies to reduce risk and in some instances to eliminate market risk completely This book examines the many ways this can be accomplished based on options for three highly rated companies These are qualified as a first step by exceptionally attractive fundamental attributes and trends Higher than average dividend yield with dividend increases over at least 10 years a range of moderate price earnings ratios each year growing revenue earnings and net return and level or declining long term debt as a percentage of total capitalization

Options Trading Mark Atwood, 2018-07-04 How would it feel to work minimum hours and still make thousands of dollars every month In this book you ll learn how to generate and exponentially grow your income like never before with the help of options trading Are you a beginner to options trading or someone who s not currently making enough money Do you need a straight forward book that guides you towards the right path with valuable information and knowledge Are you looking for content that is actually useful and applicable You have come to the right place Here you have a book with well researched and high quality content that is made to help you Unlike most books out there this one has got actual information that can be used and not a bunch of nonsense fluff just to fill out the pages What you will find in this book is a one time investment that is guaranteed to benefit you for a lifetime Take action now

A Short Preview Options Trading Basics Options Trading System Market Trend Analysis for Options Trading Advantages and Disadvantages Of Options Trading Benefits Of Online Trading Stock Market Guides For The Beginner Options Trader Options Trading Strategies Options Trading Risks Much Much More Why This Book Is The Right Choice For You As an already successful investor and trader I know what works and what doesn t The knowledge I have today is based on years of research trial and error lessons learned and tons of profits made I m not some random guy who was bored an evening and decided to write a book based on the information I found on Wikipedia I have been in the game for a long time and I know what I m doing In this book you ll find what you actually need to know Truth be told you will not become a millionaire the next day after reading this book If that is what you re looking for you should look elsewhere Any wise person would know that building wealth takes time You either choose to buy into the get rich quick schemes that are out there or you change your mindset realize that overnight tickets to riches doesn t exist and put in some work instead This book however will make sure to give you a head start and take you there much faster GET Your Own Copy Today Act NOW Don t wait for the perfect opportunity Trading options is an effective way of making money Your time however will run out eventually if you do not act soon Taking action is a key component in becoming successful in building wealth or just achieving financial freedom Want to know what the best part about options trading is The absolute best part about options trading is the fact that you earn the money via the

Technical Analysis is Mostly Bullshit Tim Morris, 1900 What If Technical Analysis Is a Lie Something That Doesn't Work and Never Has Look at all the courses on the internet claiming you will be a millionaire from using Technical Analysis How someone with just 500 in their bank account made a 100 000 in 3 days And all you have to do is look for a pattern on a chart and follow their advice Seem too good to be true that's because it is Hi my name is Tim Morris I've been trading stocks for many years and have a great bit of experience in the markets I'm here today to cut through the lies and give you the cold hard truth about technical analysis The truth other educators won't tell you The truth you deserve to know That technical analysis is complete bullshit Here's What You'll Learn In This Book Introduction My Story Before the book begins I share with you my own roller coaster experience with technical analysis and how I stumbled upon the information that I reveal in this book The information that confirmed my suspicions that technical analysis is and always has been bullshit Chapter 1 Analyzing the Markets First we go over the main ways traders are taught how to analyze the markets and make money in stocks This would include both fundamental and technical analysis as well as a few other hypotheses that have been proposed about how the stock market operates Chapter 2 Classic Technical Analysis In this chapter I explain the way classic technical analysis is taught to traders in books video courses and subscription services across the web This includes Patterns Cup and Handle Head and Shoulders Flags Triangles Double Tops and Many More Indicators RSI MACD Stochastics Moving Averages Bollinger Bands Divergence Volume Tools Fibonacci Retracement Fibonacci Projection and Elliott Wave Theory Chapter 3 The Issues This is the heart of the book and where I really lay down the hammer I go over the many flaws that are brazenly apparent in the technical analysis theory that you've likely never heard of Can TA really be used in all time frames Does TA really work in all financial markets Has anyone actually made their money with TA Have the inventors of TA indicators actually made money with their own indicators I reference charts statistics and studies as well as expert testimonial from PhD economists and other traders in the field Warning You will be shocked and stunned by what is revealed in this chapter Chapter 4 The Verdicts In the last chapter we go over the final verdicts of each technical analysis tool brought up previously in the book I explain which tools are worthless which are plausible and which actually work Notice

I said mostly bullshit There are a couple useful tools Bonus Chapter Japanese Candlesticks As a complimentary bonus only for book buyers you ll receive my special report titled Crush the Market This report goes over 18 beneficial tips I have learned throughout my trading career that will help keep your account profitable in the stock market This report is not sold to the general public and only available to buyers of this book I wish I knew all this information years ago No where else on the web will you find what I reveal in this book Experienced chartist or brand new trader everyone will learn new information in this book Click the Buy Now button at the top of the page and get your copy right now
