Polk, 2018-01-09 Crusade and Jihad is the first book to encompass in one volume the entire history of the catastrophic encounter between the Global North China Russia Europe Britain and America and Muslim societies from Central Asia to West Africa William R Polk draws on more than half a century of experience as a historian policy planner diplomat peace negotiator and businessman to explain the deep hostilities between the Muslim world and the Global North and show how they grew over the centuries Polk shows how Islam arose and spread across North Africa into Europe climaxed in the vibrant and sophisticated caliphate of al Andalus in medieval Spain and was the bright light in a European Dark Age Simultaneously Islam spread from the Middle East into Africa India and Southeast Asia But following the Mongol invasions Islamic civilization entered a decline while Europe began its overseas expansion Portuguese buccaneers dominated the Indian Ocean the Dutch and the English established powerful corporations that turned India and Indonesia into colonies Russian armies pushed down the Volga into Central Asia destroying its city states and the Chinese Qing dynasty slaughtered an entire Central Asian people Britain crushed local industry and drained off wealth throughout its vast colonies Defeated at every turn Muslims tried adopting Western dress organizing Westernstyle armies and embracing Western ideas None of these efforts stopped the conquests For Europe and Russia the nineteenth century was an age of colonial expansion but for the Muslim world it was an age of brutal and humiliating defeat Millions

were driven from their homes starved or killed and their culture and religion came under a century long assault In the twentieth century brutalized and and disorganized native societies even after winning independence fell victim to post imperial malaise typified by native tyrannies corruption and massive poverty The result was a furious blowback A sobering scrupulous and frank account of imperialism colonialism insurgency and terrorism Crusade and Jihad is history for anyone who wishes to understand the civilizational conflicts of today s world The Christian Right & US Foreign Policy in the 21 st Century Mohd Afandi Salleh,2020-01-07 This book is about the role of the Christian Right in the US foreign policy decision making process It reveals that the Christian Right has long been fascinated with some international issues in general and US foreign policy in particular The interest of the movement in international issues increased markedly during the George W Bush administration 2000 2009 During this period the movement successfully widened its activism from domestic social conservative issues to foreign policy issues by participating in articulating and lobbying for its religious version of American foreign policy In assessing the role of the Christian Right in US foreign policy making this dissertation examines aspects of US foreign policy namely Israel international religious freedom and global humanitarianism Based on these three aspects the Christian Right is seen as skilled in framing and defining issues The Christian Right seems effective in selecting and prioritizing international issues that have a reasonable chance of being picked up on by foreign policy decision makers especially in Congress Moreover the Christian Right has shown its maturity in seeking engagement and cooperation with other organizations regardless of whether they are secular or religious to advance its international goals Finally in pursuing and conveying its international agenda the Christian Right has adopted a more moderate and mundane approach Instead of using its traditional religious rhetoric the Christian Right has successfully projected its foreign policy preferences into the conventional realist discourse of American foreign policy that was largely based on the objective of national interest and national security *Conspiracy Theories* Aaron John Gulyas,2016-02-08 Narratives based on conspiratorial and paranoid thinking have become increasingly prominent throughout the 20th and 21st centuries From the prosaic to the outlandish conspiracy theories involve aliens and Nazis underground bases and mind control technology They range from sinister tales of malevolent reptilian beings infiltrating our government to fears of the New World Order rounding up patriotic Americans and putting them into internment camps These stories and their underlying concerns have a long history in the U S and have often been bolstered by revelations of real conspiracies and cover ups by private and public entities This book examines conspiracy theories and the narratives constructed by those who believe and propagate them providing a unique view of U S history and highlighting fears both founded and unfounded The New Unhappy Lords A.K.
