Modern Transnational Yoga Hannah K. Bartos, 2021-03-23 This is the first book to address the social organisation of modern yoga practice as a primary focus of investigation and to undertake a comparative analysis to explore why certain styles of yoga have successfully transcended geographical boundaries and endured over time whilst others have dwindled and failed Using fresh empirical data of the different ways in which posture practice was disseminated transnationally by Krishnamacharya Sivananda and their leading disciples the book provides an original perspective The author draws upon extensive archival research and numerous fieldwork interviews in India and the UK to consider how the field of yoga we experience today was shaped by historic decisions about how it was transmitted The book examines the specific ways in which a small group of yogis organised their practices and practitioners to popularise their styles of yoga to mainstream audiences outside of India It suggests that one of the most overlooked contributions has been that of Sivananda Saraswati 1887 1963 for whom this study finds his early example acted as a cornerstone for the growth of posture practice Outlining how yoga practice is organised today on the world stage how leading brands fit into the wider field of modern yoga practice and how historical developments led to a mainstream globalised practice this book will be of interest to researchers in the field of Yoga Studies Religious Studies Hindu Studies South Asian History Sociology and Organisational Studies Yoga Journal ,1996 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty **Handbook of Hinduism in Europe (2 vols)** ,2020-07-27 Handbook of Hinduism in Europe portrays and analyses how Hindu traditions have expanded across the continent and presents the main Hindu communities religious groups forms practices and teachings The Handbook does this in two parts Part One covers historical and thematic topics which are of importance for understanding Hinduism in Europe as a whole and Part Two has chapters on Hindu traditions in every country in Europe Hindu traditions have a long history of interaction with Europe but the developments during the last fifty years represent a new phase Globalization and increased ease of communication have led to the presence of a great plurality of Hindu traditions Hinduism has become one of the major religions in Europe and is present in every country of the continent **The Rough Guide to India (Travel Guide eBook)** Rough Guides,2019-11-01 The Rough Guide to India Make the most of your time on Earth with the ultimate travel guides World renowned tell it like it is travel guide now with free eBook Discover India with this comprehensive and entertaining travel guide packed with practical information and honest recommendations by our independent experts Whether you plan to look for leopards in Kanha National Park visit the world s greatest building the Taj Mahal or explore the immaculately preserved temples of Khajuraho The Rough Guide to India will help you discover the best places to explore eat drink shop

Zeltzer,Christina Blackett Schlank,2009-01-09 From a renowned expert in the field a parent s guide to managing

their child's chronic pain to give back normal life to the 1 in 5 children for whom pain is a serious problem. A child's chronic pain undermines school performance and social and emotional health, erodes finances and devastates the family. This book reveals what parents can do to alleviate their child's pain on a daily basis. Dr. Zeltzer's clinic is renowned for treatment of pediatric pain stemming from headaches, arthritis, irritable bowel syndrome, fibromyalgia, and more, via a multidisciplinary approach including specialists in psychiatry, hypnotherapy, yoga, acupuncture, biofeedback, and others. Based on more than 30 years' study, Dr. Zeltzer offers ways to take control of the pain and ultimately become pain-free. She explains how to tell if the pain has become chronic, soothe the nervous system, reactivate the body's natural pain control mechanisms, which medications are most effective, breathing, muscle relaxation, and visualization techniques, how to reduce parents' guilt, and much more. It is never too late to treat pain in children, no matter how long it has lasted, says Dr. Zeltzer. Her book offers help and hope to families desperately in need.
