**The History of Jesus of Nazara, Volume Three** Theodore Keim, 2016-12-09 This introductory volume of Dr Keim's Life of Jesus is translated from the German without omission or alteration save that from preface and once or twice from the text have been excised a few purely personal remarks and discussions which could have no interest in England The notes also have been for the most part preserved a feature which will it may be prove less needful in the later volumes So few of the works to which reference is made have been translated into English that it has seemed best to give the references in all cases to the originals since those few who will take the trouble to turn to them will usually be able to test the references in the original languages even if they prefer to read the bulk of such books in their own tongue It is intended that the whole work shall be completed with the same literalness and that there shall be no needless delay in the issue of succeeding volumes Notice by the Editor May 1873
