Five Difference Between Nsfas And Basary:

Higher Education ,2023-11-02 COVID wrought havoc on the world s economic systems Higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems Some institutions were prepared for the required transition to online learning Most were not Whether prepared or not educators rose to the challenge The innovativeness of educators met the challenges as digital learning replaced the face to face environment In fact some of the distance models proved so engaging that many students no longer desire a return to the face to face model As with all transitions some things were lost while others were gained This book examines practice in the field as institutions struggled to face the worst global pandemic in the last century The book is organized into four sections on Perils and Promises The State of Online Education Goals and Challenges of Online Learning and Innovations in the Age of COVID It presents various perspectives from educators around the world to illustrate the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process These discussions shed light on the impact of the pandemic and the future of higher education post COVID Higher education has been forever changed and higher education as it once was may never return While many questions arise the achievements in meeting and overcoming the pandemic illustrate the creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic

Knowledge Beyond Colour Lines Monwabisi K. Ralarala,Salochana Lorraine Hassan,Rajani Naidoo,2021-05-25

Knowledge remains timely in education The need for academics to contemplate its relevance worth use and everything in between deems a continuous intellectual project rather than a conundrum to be solved This book takes the South African context by the horns as it challenges the often dormant and traditionalist ways in which higher education spaces see knowledge Through original research and the voices of academics and students this book argues for repurposing knowledge generation knowledge sharing and critical pedagogy so that more inclusive teaching and learning environments can be both imagined and sustained The contentious tensionalities that this creates for LoLT and SoTL in particular are unlocked so as to trouble the South African higher education landscape with the intent to proffer alternative pathways for a knowledge beyond colour lines Prof Shan Simmonds PhD NWU This edited volume bristles with fresh scholarly approaches and insights of an emergent generation of engaged scholars grappling with the issues and problems of higher education in South Africa The issues dealt with here are varied and encompassing They are treated with intellectual delicacy and probing sensitivity articulacy informed data and bold conclusions They serve well Prof Kwesi Kwaa Prah Emeritus Professor of Sociology University of the Western Cape Founder of the Centre for Advanced Studies of African Society *ETDP SETA Scarce & Critical Skills Guide 2010/11* , Rural Transitions to Higher Education in South Africa Sue Timmis,Thea de Wet,Kibashini Naidoo,Sheila Trahar,Lisa Lucas,Emmanuel Mfanafuthi Mgqwashu,Patricia Muhuro,Gina Wisker,2021-09-14 This unique and

timely book focuses on research conducted into the experiences of students from rural backgrounds in South Africa foregrounding decolonial perspectives on their negotiation of access and transitions to higher education This book highlights not only the challenges of coming from a rural background against the historical backdrop of apartheid and ongoing colonialism but also shows the immense assets that students from rural areas bring into higher education Through detailed narratives created by student co researchers the book charts early experiences in rural communities negotiations of transitions to university and in many cases to urban life and students subsequent journeys through higher education spaces and curricula The book will be of significant interest and value to those engaged in rurality research across diverse settings those interested in the South African higher education context and higher education more widely Its innovative participatory methodology will be invaluable to researchers seeking to conduct collaborative research that draws on decolonising approaches

Debates of the National Assembly (Hansard) South Africa. Parliament (1994-). National Assembly,1999

Education for sustainable development in BRICS Ewelina K. Niemczyk,2023-03-01 In the past ten years the concept of education for sustainable development has become one of UNESCO s key educational initiatives to address current global challenges However the attention was mainly devoted to primary and secondary education and higher education was somewhat neglected The primary focus on basic education has also diverted academic attention from the research exploring the relationship between higher education and sustainable development Only recently has the academic discourse on this topic begun to gain ground On that note this book is meant to place higher education at the core of the necessary transformations to create awareness of more sustainable practices and policies

The Youth Dividend Jan H. Hofmeyr,2012

Finding a moral compass for South Africa JM Vorster,2023-07-31 The research question of this book reads Can South Africans amidst all the contemporary distrust in political leadership and moral decay find a moral compass that could lead them to a humane society of mutual trust respect for each other a flourishing life and a bright future for future generations This book presents new perspectives on the psychopathology created by colonisation the failures of the post 1994 dispensation regarding reconciliation transformation justice distorted family life violence unity in diversity as well as moral leadership and agency and indifference to a future of hope It proposes a new moral compass that can lead South Africa out of the abyss

Education and Leadership ,2008-01-01 This truly international book brings together authors from different regions of the world including North America South Africa Europe Iran and Russia all of whom are concerned with aspects of the challenges involved in the expansion of higher education both in student numbers and areas of study Some are concerned about the loss of guiding principles which steered university education for centuries The traditional purposes of higher education have come under such pressure that we have achieved conflicting models of the university Claes and ambiguity in regard to teaching and research Simons et al For others the problems are at a different stage Contributions from South Africa look at three challenges Can we provide enough places in higher education How do we deal with institutional mergers How do we make staff development effective in a situation in which English is the first language of less than five percent of the staff Young scholars in Russian regions face formidable hurdles in achieving academic careers while the best law graduates in Canada are faced with the ethical dilemma of personal career advancement or social justice Topsakal The problem of integrating nursing into a traditional Irish university is reviewed by Grant while the role of a university in regional development is addressed from a Greek perspective by Papaelias et al The comparative international approach features in research into teacher job satisfaction in India and Iran while McMahon reviews the impact of the Bologna Process

Transforming Transformation in Research and Teaching at South African Universities
Rob Pattman,2018-12-20 What is transformation in contemporary South African higher education How can it be facilitated through research and pedagogic practices These questions are addressed in this edited collection by established academics and emerging research students from nine South African universities The chapters give us access to students worlds how

they construct experience and navigate their complex spheres on and off campus Contemporary India and South Africa Sujata Patel,Tina Uys,2013-11-12 This book deals with the legacies of the Indian experiences of migration and diaspora in South Africa It highlights the social imaginaries of the migrants and citizens as they negotiate between a reconstructed notion of India and their real present and future in the country of citizenship Both South Africa and India have had a long history of group based identity movements against exploitation around caste and race intersecting with class gender language religion and region The combined history has allowed them to participate in novel ways in the global arena as regional powers The book suggests that the question of identity concerns itself with exploitation and oppression of excluded groups in both countries The authors are particularly attentive to the manner in which the two democratic states have confronted the challenges of history together with contemporary demands of inclusion and discuss the dilemmas involved in resolving them The volume also raises questions regarding future roles especially in the fields of education and the environment It will be of interest to those in the fields of sociology political science international relations history migration and diaspora studies as well as to the general reader *A GUIDE TO BEING AN EXTRAORDINARY STUDENT* Jeremia
