Decompress Dr. Leonard Molczan, 2012-02-28 Dr Leonard Molczan's DECOMPRESS Live Your Life Free From Back Pain offers readers a better solution for eliminating their chronic low back and neck pain without reliance on medications or spine surgery through the revolutionary technology of non surgical spinal decompression. As many as 31 million adults are affected by low back pain at any given time while experts estimate that 80% of the population will experience a back problem at some time in their lives. Dr Molczan details these sobering statistics while debunking the effectiveness of common treatments for chronic low back pain as well as the financial and emotional strains these quick fixes can cost an individual. He introduces us to VAX D Therapy, a non surgical spinal decompression that literally reverses the effects of gravity on our spines. Created by Dr Alan Dyer, VAX D Therapy has been touted by many as a medical breakthrough revolutionizing the treatment of chronic low back and neck pain. Peer reviewed studies have shown VAX D Therapy to be highly effective with results that last. Said simply, VAX D Therapy works. Dr Molczan has a superior understanding of how and why the spine degenerates and offers a wealth of knowledge to guide those who are suffering needlessly. Within this book, he teaches us how to take responsibility, explore all treatment possibilities towards ultimately finding a solution, not just palliate symptoms. Dr Molczan has been successfully treating chronic low back pain for over a decade. For many of the people who sought his consultation, he was their last hope. That last hope most often resulted in success through the use of VAX D Therapy and additional support. Say YES And DECOMPRESS and you too can Live Your Life Free From Back Pain because as Dr Molczan succinctly puts it, living in pain is not living at all.
