Golding,Miryam Glikson,2010-09-02 This volume integrates the latest findings on earliest life forms identified and characterised in some of the oldest rocks on Earth New material from prominent researchers in the field is presented and evaluated in the context of previous work Emphasis is placed on the integration of analytical methods with observational techniques and experimental simulations The opening section focuses on submarine hot springs that the majority of researchers postulates served as the cradle of life on Earth In subsequent sections evidence for life in strongly metamorphosed rocks such as those in Greenland is evaluated and early ecosystems identified in the well preserved Barberton and Pilbara successions in Southern Africa and Western Australia The final section includes a number of contributions from authors with alternate perspectives on the evidence and record of early life on Earth Audience This volume will be valuable to researchers and graduate students in biogeosciences geochemistry paleontology and geology interested in the origin of life on earth **Information Circular** United States. Bureau of Mines,1939 **Organic Matter and Mineralisation: Thermal Alteration, Hydrocarbon Generation and Role in Metallogenesis** M. V. Glikson,M. Mastalerz,2013-03-14 This book demonstrates the direct link between petroleum the derivative of organic materials and ore bodies The studies reported here highlight the common factors between hydrocarbons and mineral concentrations such as heat sources migration routes and likely traps It emphasizes the role that hydrothermal processes play in the genesis of both petroleum generation and ore grade mineralization The presence of oil residue in the form of bitumen and pyrobitumen in all sediment hosted ore bodies throughout the geological record is a testimony to their common diagenetic history Studies of active hydrothermal systems reported in this book describe the processes and derivatives in these environments linking hydrocarbon generation and mineral precipitation A comparison with residual oil in many ore bodies and mineralization occurrences in the geological record as depicted in this book can be explained in terms of processes in active hydrothermal systems One of the most interesting and challenging recent discoveries that of living nano bacteria is reported in this book The nanobes as they have recently been dubbed have been suggested as the link between the living and non living matter The resemblance of these nano organisms to fossil forms observed in a Martian meteorite have been reported recently in the

media Likewise the similarity to nano bacteria in Archaean sediments is highlighted in two chapters of the book

Aboriginals and the Mining Industry David Cousins, 2020-08-09 In 1973 Peter Rogers concluded that Australia has not done itself justice in the handling of modern industry versus Aborigines conflict the lack of preparation is a disgrace to government private organisations and unions alike What has happened since then Aboriginals and the mining industry reviews three main questions to what extent have Aboriginals shared in the fruits of the mining boom Have new land rights helped Aboriginals protect their interests as affected by mining And what has been the contribution of mining to the economic development of remote Aboriginal communities These are vital questions for all concerned with the impact of mining expansion on Aboriginal communities This book reviews the participation of Aborigines in the mining company employment It examines the contribution of the recent land rights legislation to protecting Aboriginal interests And it asks how far the growth of mining in remote parts of Australia has aided the economic development of Aboriginal groups living there Detailed case studies of mining projects included **Annual Report of the Under Secretary for Mines to the ...
