Automated Testing in Microsoft Dynamics 365 Business Central Luc van Vugt, 2019-04-30 Learn how to write

automated tests for Dynamics 365 Business Central and see how to implement it in your daily work

Key Features

- Leverage automated testing to advance over traditional manual testing methods
- Write design and implement automated tests
- Explore various testing frameworks and tools compatible with Microsoft Dynamics 365 Business Central

Book Description

Dynamics 365 Business Central is the new cloud based SaaS ERP proposition from Microsoft. It's not as simple as it used to be way back when it was called Navigator, Navision Financials, or Microsoft Business Solutions Navision. Our development practices are becoming more formal, and with this, the call for test automation is pressing on us. This book will teach you to leverage testing tools available with Dynamics 365 Business Central to perform automated testing. We'll begin with a quick introduction to automated testing, followed by an overview of test automation in Dynamics 365 Business Central. Then you'll learn to design and build automated tests, and we'll go through some efficient methods to get from requirements to application and testing code. Lastly, you'll learn to incorporate your own and Microsoft tests into your daily development practice. By the end of the book, you'll be able to write your own automated tests for Dynamics 365 Business Central.

What you will learn

- Understand what automated tests are and when and why to use them
- Explore the five pillars of the Testability Framework of Business Central
- Design and write automated tests for Business Central
- Make use of standard automated tests and their helper libraries
- Integrate automated tests into your development practice

Who this book is for

This book is for consultants, testers, developers, and development managers working with Microsoft Dynamics NAV and Business Central. Being a book on automated testing techniques, it also caters to both functional and technical development teams.

Management, International Adaptation John R. Schermerhorn, Daniel G. Bachrach, 2024

Management 15th edition continues to offer the same balanced theoretical approach as with previous editions. Students need an active and engaged learning classroom environment that brings personal meaning to course content and the instructor's course objectives. The book communicates with students through rich, timely features and cases that bring management topics, theories, and concepts to life. The underlying goal is to translate foundation theories into lasting tools for students as they move beyond the classroom where their skills will be put to the test. This international edition has been revised and updated with a focus on timely content, student engagement through real-world challenges, and personal career issues. Centralizing new topics such as diversity, equity, inclusion, and social impact, this edition introduces a new feature of Issues to attract learners' attention to timely social and organizational issues, as well as new cases and more opportunities for self-assessment.

Accounting Principles Jerry J. Weygandt, Paul D. Kimmel, Donald E. Kieso, 2018-05-14

Accounting Principles provides students with a clear introduction to fundamental accounting concepts with an emphasis on learning the accounting cycle from a sole proprietor perspective. This product helps students get the most out of their accounting course by making practice simple. Streamlined learning objectives help students use their study time efficiently by creating clear connections between the reading and the homework.
